## AN ACT

To provide for the establishment of the Buffalo National River in the State of Arkansas, and for other purposes.

Buffalo National  
River, Ark.  
Establishment.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled.* That for the purposes of conserving and interpreting an area containing unique scenic and scientific features, and preserving as a free-flowing stream an important segment of the Buffalo River in Arkansas for the benefit and enjoyment of present and future generations, the Secretary of the Interior (hereinafter referred to as the "Secretary") may establish and administer the Buffalo National River. The boundaries of the national river shall be as generally depicted on the drawing entitled "Proposed Buffalo National River" numbered NR-BUF-7103 and dated December 1967, which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior. The Secretary is authorized to make minor revisions of the boundaries of the national river when necessary, after advising the Committees on Interior and Insular Affairs of the United States House of Representatives and the United States Senate in writing, but the total acreage within such boundaries shall not exceed ninety-five thousand seven hundred and thirty acres.

Lands and  
waters, acqui-  
sition.

SEC. 2. (a) Within the boundaries of the Buffalo National River, the Secretary may acquire lands and waters or interests therein by donation, purchase or exchange, except that lands owned by the State of Arkansas or a political subdivision thereof may be acquired only by donation: *Provided*, That the Secretary may, with funds appropriated for development of the area, reimburse such State for its share of the cost of facilities developed on State park lands if such facilities were developed in a manner approved by the Secretary and if the development of such facilities commenced subsequent to the enactment of this Act: *Provided further*, That such reimbursement shall not exceed a total of \$375,000. When an individual tract of land is only partly within the boundaries of the national river, the Secretary may acquire all of the tract by any of the above methods in order to avoid the payment of severance costs. Land so acquired outside of the boundaries of the national river may be exchanged by the Secretary for non-Federal lands within the national river boundaries, and any portion of the land not utilized for such exchanges may be disposed of in accordance with the provisions of the Federal Property and Administrative Services Act of 1949 (63 Stat. 377; 40 U.S.C. 471 et seq.), as amended. With the concurrence of the agency having custody thereof, any Federal property within the boundaries of the national river may be transferred without consideration to the administrative jurisdiction of the Secretary for administration as part of the national river.

Retention  
rights.

(b) Except for property which the Secretary determines to be necessary for the purposes of administration, development, access or public use, an owner or owners (hereafter referred to as "owner") of any improved property which is used solely for noncommercial residential purposes on the date of its acquisition by the Secretary or any owner of lands used solely for agricultural purposes (including, but not limited to, grazing) may retain, as a condition of the acquisition of such property or lands, a right of use and occupancy of such property for such residential or agricultural purposes. The term of the right retained shall expire upon the death of the owner or the death of his spouse, whichever occurs later, or in lieu thereof, after a definite term which shall not exceed twenty-five years after the date of acquisition. The owner shall elect, at the time of conveyance, the term of the right

reserved. The Secretary shall pay the owner the fair market value of the property on the date of such acquisition, less the fair market value of the term retained by the owner. Such right may, during its existence, be conveyed or transferred, but all rights of use and occupancy shall be subject to such terms and conditions as the Secretary deems appropriate to assure the use of such property in accordance with the purposes of this Act. Upon a determination that the property, or any portion thereof, has ceased to be used in accordance with such terms and conditions, the Secretary may terminate the right of use and occupancy by tendering to the holder of such right an amount equal to the fair market value, as of the date of the tender, of that portion of the right which remains unexpired on the date of termination.

(c) As used in this section the term "improved property" means a detached year-round one-family dwelling which serves as the owner's permanent place of abode at the time of acquisition, and construction of which was begun before September 3, 1969, together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use.

"Improved property."

SEC. 3. The Secretary shall permit hunting and fishing on lands and waters under his jurisdiction within the boundaries of the Buffalo National River in accordance with applicable Federal and State laws, except that he may designate zones where and establish periods when, no hunting or fishing shall be permitted for reasons of public safety, administration, fish or wildlife management, or public use and enjoyment. Except in emergencies, any rules and regulations of the Secretary pursuant to this section shall be put into effect only after consultation with the Arkansas Fish and Game Commission.

Hunting and fishing, rules and regulations.

SEC. 4. The Federal Power Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (41 Stat. 1063), as amended (16 U.S.C. 791a et seq.), on or directly affecting the Buffalo National River and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which such river is established, as determined by the Secretary. Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments below or above the Buffalo National River or on any stream tributary thereto which will not invade the area or unreasonably diminish the scenic, recreational, and fish and wildlife values present in the area on the date of approval of this Act. No department or agency of the United States shall recommend authorization of any water resources project that would have a direct and adverse effect on the values for which such river is established, as determined by the Secretary, nor shall such department or agency request appropriations to begin construction on any such project, whether heretofore or hereafter authorized, without, at least sixty days in advance, (i) advising the Secretary, in writing, of its intention so to do and (ii) reporting to the Committees on Interior and Insular Affairs of the United States House of Representatives and the United States Senate, respectively, the nature of the project involved and the manner in which such project would conflict with the purposes of this Act or would affect the national river and the values to be protected by it under this Act.

Water resource projects, restriction.

- 102. Declaration of national policy.
- 103. Definitions.
- 104. Termination.

### **§ 101. Congressional findings.**

The Congress makes the following findings:

- (1) Drug abuse is rapidly increasing in the United States and now afflicts urban, suburban, and rural areas of the Nation.
- (2) Drug abuse seriously impairs individual, as well as societal, health and well-being.
- (3) Drug abuse, especially heroin addiction, substantially contributes to crime.
- (4) The adverse impact of drug abuse inflicts increasing pain and hardship on individuals, families, and communities and undermines our institutions.
- (5) Too little is known about drug abuse, especially the causes, and ways to treat and prevent drug abuse.
- (6) The success of Federal drug abuse programs and activities requires a recognition that education, treatment, rehabilitation, research, training, and law enforcement efforts are interrelated.
- (7) The effectiveness of efforts by State and local governments and by the Federal Government to control and treat drug abuse in the United States has been hampered by a lack of coordination among the States, between States and localities, among the Federal Government, States and localities, and throughout the Federal establishment.
- (8) Control of drug abuse requires the development of a comprehensive, coordinated long-term Federal strategy that encompasses both effective law enforcement against illegal drug traffic and effective health programs to rehabilitate victims of drug abuse.
- (9) The increasing rate of drug abuse constitutes a serious and continuing threat to national health and welfare, requiring an immediate and effective response on the part of the Federal Government.

### **§ 102. Declaration of national policy.**

The Congress declares that it is the policy of the United States and the purpose of this Act to focus the comprehensive resources of the Federal Government and bring them to bear on drug abuse with the immediate objective of significantly reducing the incidence of drug abuse in the United States within the shortest possible period of time, and to develop a comprehensive, coordinated long-term Federal strategy to combat drug abuse.

**§ 103. Definitions.**

(a) The definitions set forth in this section apply for the purposes of this Act.

(b) The term “drug abuse prevention function” means any program or activity relating to drug abuse education, training, treatment, rehabilitation, or research, and includes any such function even when performed by an organization whose primary mission is in the field of drug traffic prevention functions, or is unrelated to drugs. The term does not include any function defined in subsection (c) as a “drug traffic prevention function”.

(c) The term “drug traffic prevention function” means

(1) the conduct of formal or informal diplomatic or international negotiations at any level, whether with foreign governments, other foreign governmental or nongovernmental persons or organizations of any kind, or any international organization of any kind, relating to traffic (whether licit or illicit) in drugs subject to abuse, or any measures to control or curb such traffic; or

(A) the investigation and prosecution of drug offenses;

(B) the impanelment of grand juries;

### AN ACT

March 22, 1972  
[S. 1163]

To amend the Older Americans Act of 1965 to provide grants to States for the establishment, maintenance, operation, and expansion of low-cost meal projects, nutrition training and education projects, opportunity for social contacts, and for other purposes.

Older Americans  
Act of 1965,  
amendment,

grams.  
79 Stat. 225;  
83 Stat. 111, 114.  
42 USC 3051.  
42 USC 3044.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

SECTION 1. Title VII of the Older Americans Act of 1965 is redesignated as title VIII, and sections 701 through 705 of that Act are respectively redesignated as sections 801 through 805.

SEC. 2. The Older Americans Act of 1965 is amended by inserting the following new title immediately after title VI thereof:

## “TITLE VII—NUTRITION PROGRAM FOR THE ELDERLY

### “FINDINGS AND PURPOSE

42 USC 3031.

“SEC. 701. (a) The Congress finds that the research and development nutrition projects for the elderly conducted under title IV of the Older Americans Act have demonstrated the effectiveness of, and the need for, permanent nationwide projects to assist in meeting the nutritional and social needs of millions of persons aged sixty or older.

Many elderly persons do not eat adequately because (1) they cannot afford to do so; (2) they lack the skills to select and prepare nourishing and well-balanced meals; (3) they have limited mobility which may impair their capacity to shop and cook for themselves; and (4) they have feelings of rejection and loneliness which obliterate the incentive necessary to prepare and eat a meal alone. These and other physiological, psychological, social, and economic changes that occur with aging result in a pattern of living, which causes malnutrition and further physical and mental deterioration.

“(b) In addition to the food stamp program, commodity distribution systems and old-age income benefits, there is an acute need for a national policy which provides older Americans, particularly those with low incomes, with low cost, nutritionally sound meals served in strategically located centers such as schools, churches, community centers, senior citizen centers, and other public or private nonprofit institutions where they can obtain other social and rehabilitative services. Besides promoting better health among the older segment of our population through improved nutrition, such a program would reduce the isolation of old age, offering older Americans an opportunity to live their remaining years in dignity.

#### “ADMINISTRATION

“SEC. 702. (a) In order to effectively carry out the purposes of this title, the Secretary shall—

HEW Secretary,  
duties.

“(1) administer the program through the Administration on Aging; and

“(2) consult with the Secretary of Agriculture and make full utilization of the Food and Nutrition Service, and other existing services of the Department of Agriculture.

“(b) In carrying out the provisions of this title, the Secretary is authorized to request the technical assistance and cooperation of the Department of Labor, the Office of Economic Opportunity, the Department of Housing and Urban Development, the Department of Transportation, and such other departments and agencies of the Federal Government as may be appropriate.

Other Federal  
agencies, coop-  
eration.

“(c) The Secretary is authorized to use, with their consent, the services, equipment, personnel, and facilities of Federal and other agencies with or without reimbursement and on a similar basis to cooperate with other public and private agencies and instrumentalities in the use of services, equipment, personnel, and facilities.

Informational  
materials,  
publication.

“(d) In carrying out the purposes of this title, the Secretary is authorized to provide consultative services and technical assistance to any public or private nonprofit institution or organization, agency, or political subdivision of a State; to provide short-term training and technical instruction; and to collect, prepare, publish, and disseminate special educational or informational materials, including reports of the projects for which funds are provided under this title.

#### “ALLOTMENT OF FUNDS

State propor-  
tionate share  
formula.

“SEC. 703. (a) (1) From the sums appropriated for any fiscal year under section 708, each State shall be allotted an amount which bears the same ratio to such sum as the population aged 60 or over in such State bears to the population aged 60 or over in all States, except that (A) no State shall be allotted less than one-half of 1 per centum of the sum appropriated for the fiscal year for which the determination is made; and (B) Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands shall each be allotted an amount equal to one-fourth of 1 per centum of the sum appropriated for the fiscal year for which the determination is made. For the purpose of the exception contained in this paragraph, the term ‘State’ does not include Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands.

“State.”

“(2) The number of persons aged sixty or over in any State and for all States shall be determined by the Secretary on the basis of the most satisfactory data available to him.

Unrequired por-  
tion, reallocation.

“(b) The amount of any State’s allotment under subsection (a) of any fiscal year which the Secretary determines will not be required for that year shall be reallocated, from time to time and on such dates during such year as the Secretary may fix, to other States in proportion to the original allotments to such States under subsection (a) for that year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Secretary estimates such State needs and will be able to use for such year; and the total of such reductions shall be similarly reallocated among the States whose proportionate amounts were not so reduced. Such reallocations shall be made on the basis of the State plan so approved, after taking into consideration the population aged sixty or over. Any amount reallocated to a State under this subsection during a year shall be deemed part of its allotment under subsection (a) for that year.

Federal allot-  
ment, matching  
non-Federal  
funds.

“(c) The allotment of any State under subsection (a) for any fiscal year shall be available for grants to pay up to 90 per centum of the costs of projects in such State described in section 706 and approved by such State in accordance with its State plan approved under section 705, but only to the extent that such costs are both reasonable and necessary for the conduct of such projects, as determined by the Secretary in accordance with criteria prescribed by him in regulations. Such allotment to any State in any fiscal year shall be made upon the condition that the Federal allotment will be matched during each fiscal year by 10 per centum, or more, as the case may be, from funds or in kind resources from non-Federal sources.

“(d) If the Secretary finds that any State has failed to qualify under the State plan requirements of section 705, the Secretary shall withhold the allotment of funds to such State referred to in subsection (a). The Secretary shall disburse the funds so withheld directly to any public or private nonprofit institution or organization, agency, or political subdivision of such State submitting an approved plan in accordance with the provisions of section 705, including the requirement that any such payment or payments shall be matched in the proportion specified in subsection (c) for such State, by funds or in kind resources from non-Federal sources.

Unqualified  
State's allotment,  
disbursement.

“(e) The State agency may, upon the request of one or more recipients of a grant or contract, purchase agricultural commodities and other foods to be provided to such nutrition projects assisted under this part. The Secretary may require reports from State agencies, in such form and detail as he may prescribe, concerning requests by recipients of grants or contracts for the purchase of such agricultural commodities and other foods, and action taken thereon.

commodities,  
purchase by  
State agency.

#### “PAYMENT OF GRANTS

“SEC. 704. Payments pursuant to grants or contracts under this title may be made in installments, and in advance or by way of reimbursement, with necessary adjustments on account of overpayments or underpayments, as the Secretary may determine.

#### “STATE PLANS

“SEC. 705. (a) Any State which desires to receive allotments under this title shall submit to the Secretary for approval a State plan for purposes of this title which, in the case of a State agency designated pursuant to section 303 of this Act, shall be in the form of an amendment to the State plan provided in section 303. Such plan shall—

79 Stat. 222;  
83 Stat. 108.  
42 USC 3023.

“(1) establish or designate a single State agency as the sole agency for administering or supervising the administration of the plan and coordinating operations under the plan with other agencies providing services to the elderly, which agency shall be the agency designated pursuant to section 303(a)(1) of this Act, unless the Governor of such State shall, with the approval of the Secretary, designate another agency;

“(i) to carry out the program as described in section 706.

“(ii) to provide up to 90 per centum of the costs of the purchase and preparation of the food; delivery of the meals; and such other reasonable expenses as may be incurred in providing nutrition services to persons aged sixty or over. Recipients of grants or contracts may charge participating individuals for meals furnished pursuant to guidelines established by the Secretary, taking into consideration the income ranges of eligible individuals in local communities and other sources of income of the recipients of a grant or a contract.

“(iii) to provide up to 90 per centum of the costs of such supporting services as may be necessary in each instance, such as the costs of related social services and, where appropriate, the costs of transportation between the project site and the residences of eligible individuals who could not participate in the project in the absence of such transportation, to the extent such costs are not met through other Federal, State, or local programs.

Administrative  
costs, limitation.

“(B) to provide for the proper and efficient administration of the State plan at the least possible administrative cost, not to exceed an amount equal to 10 per centum of the amount allotted to the State unless a greater amount in any fiscal year is approved by the Secretary. In administering the State plan, the State agency shall—

“(i) make reports, in such form and containing such information, as the Secretary may require to carry out his functions under this title, including reports of participation by the groups specified in subsection (4) of this section; and keep such records and afford such access thereto as the Secretary may find necessary to assure the correctness and verification of such reports and proper disbursement of Federal funds under this title, and

“(ii) provide satisfactory assurance that such fiscal control and fund accounting procedures will be adopted as may be necessary to assure proper disbursement of, and accounting for, Federal funds paid under this title to the State, including any such funds paid by the State to the recipient of a grant or contract.

“(3) provide such methods of administration (including methods relating to the establishment and maintenance of personnel standards on a merit basis, except that the Secretary shall exercise no authority with respect to the selection, tenure of office, and compensation of any individual employed in accordance with such methods) as are necessary for the proper and efficient operation of the plan.

Low-income  
and minority  
groups, pref-  
erence.

“(4) provide that preference shall be given in awarding grants to carry out the purposes of this title to projects serving primarily low-income individuals and provide assurances that, to the extent feasible, grants will be awarded to projects operated by and serving the needs of minority, Indian, and limited English-speaking eligible individuals in proportion to their numbers in the State.

State plan  
approval.

“(b) The Secretary shall approve any State plan which he determines meets the requirements and purposes of this section.

Noncompliance,  
payments  
termination.

“(c) Whenever the Secretary, subject to reasonable notice and opportunity for hearing to such State agency, finds (1) that the State plan has been so changed that it no longer complies with the provisions of this title, or (2) that in the administration of the plan there is a failure to comply substantially with any such provision or with any requirements set forth in the application of a recipient of a grant or contract approved pursuant to such plan, the Secretary shall notify such State agency that further payments will not be made to the State under the provisions of this title (or in his discretion, that further payments to the State will be limited to programs or projects under the State plan, or portions thereof, not affected by the failure, or that the State agency shall not make further payments under this part to specified local agencies affected by the failure) until he is satisfied that there is no longer any such failure to comply. Until he is so satisfied, the Secretary shall make no further payments to the State

under this title, or shall limit payments to recipients of grants or contracts under, or parts of, the State plan not affected by the failure or payments to the State agency under this part shall be limited to recipients of grants or contracts not affected by the failure, as the case may be.

“(d) (1) If any State is dissatisfied with the Secretary’s final action with respect to the approval of its State plan submitted under subsection (a), or with respect to termination of payments in whole or in part under subsection (c), such State may, within sixty days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceeding on which he based his action, as provided in section 2112 of title 28, United States Code.

Judicial  
review.

72 Stat. 941;  
80 Stat. 1323.

“(2) The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive; but the court for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify his previous action, and shall certify to the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

“(3) The court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

To amend the Federal Aviation Act of 1958 to provide for the suspension and rejection of rates and practices of air carriers and foreign air carriers in foreign air transportation, and for other purposes.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That section 404 (a) of the Federal Aviation Act of 1958 (49 U.S.C. 1374 (a)) is amended by inserting “(1)” immediately after “(a)” and by adding at the end thereof the following new paragraph:

Foreign air  
transportation  
rates.  
Regulatory  
authority.  
72 Stat. 760.

“(2) It shall be the duty of every air carrier and foreign air carrier to establish, observe, and enforce just and reasonable individual and joint rates, fares, and charges, and just and reasonable classifications, rules, regulations, and practices relating to foreign air transportation; and, in case of such joint rates, fares, and charges, to establish just, reasonable, and equitable divisions thereof as between air carriers or foreign air carriers participating therein which shall not unduly prefer or prejudice any of such participating air carriers or foreign air carriers.”.

Presidential  
authority.  
72 Stat. 782.

SEC. 2. Section 801 of such Act (49 U.S.C. 1461) is amended by inserting "(a)" immediately after "Sec. 801." and by adding at the end thereof the following new subsection:

*Infra.*

"(b) Any order of the Board pursuant to section 1002(j) of this Act suspending, rejecting, or canceling a rate, fare, or charge for foreign air transportation, and any order rescinding the effectiveness of any such order, shall be submitted to the President before publication thereof. The President may disapprove any such order when he finds that disapproval is required for reasons of the national defense or the foreign policy of the United States not later than ten days following submission by the Board of any such order to the President."

SEC. 3. (a) Section 1002 of such Act (49 U.S.C. 1482) is amended by adding at the end thereof the following new subsection:

"SUSPENSION AND REJECTION OF RATES IN FOREIGN AIR TRANSPORTATION

New tariff,  
hearing.

"(j) (1) Whenever any air carrier or foreign air carrier shall file with the Board a tariff stating a new individual or joint (between air carriers, between foreign air carriers, or between an air carrier or carriers and a foreign air carrier or carriers) rate, fare, or charge for foreign air transportation or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, the Board is empowered, upon complaint or upon its own initiative, at once, and, if it so orders, without answer or other formal pleading by the air carrier or foreign air carrier, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate, fare, or charge, or such classification, rule, regulation, or practice; and pending such hearing and the decision thereon, the Board, by filing with such tariff, and delivering to the air carrier or foreign air carrier affected thereby, a statement in writing of its reasons for such suspension, may suspend the operation of such tariff and defer the use of such rate, fare, or charge, or such classification, rule, regulation, or practice, for a period or periods not exceeding three hundred and sixty-five days in the aggregate beyond the time when such tariff would otherwise go into effect. If, after hearing, the Board shall be of the opinion that such rate, fare, or charge, or such classification, rule, regulation, or practice, is or will be unjust or unreasonable, or unjustly discriminatory, or unduly preferential, or unduly prejudicial, the Board may take action to reject or cancel such tariff and prevent the use of such rate, fare, or charge, or such classification, rule, regulation, or practice. The Board may at any time rescind the suspension of such tariff and permit the use of such rate, fare, or charge, or such classification, rule, regulation, or practice.

If the proceeding has not been concluded and an order made within the period of suspension or suspensions, or if the Board shall otherwise so direct, the proposed rate, fare, charge, classification, rule, regulation, or practice shall go into effect subject, however, to being canceled when the proceeding is concluded. This paragraph shall not apply to any initial tariff filed by an air carrier or foreign air carrier. During the period of any suspension or suspensions, or following rejection or cancellation of a tariff, including tariffs which have gone into effect provisionally, the affected air carrier or foreign air carrier shall maintain in effect and use the rate, fare, or charge, or the classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of service thereunder, which was in effect immediately prior to the filing of the new tariff.

“(2) With respect to any existing tariff of an air carrier or foreign air carrier stating rates, fares, or charges for foreign air transportation, or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, the Board is empowered, upon complaint or upon its own initiative, at once and, if it so orders, without answer or other formal pleading by the air carrier or foreign air carrier, but upon reasonable notice, to enter into a hearing concerning the lawfulness of such rate, fare, or charge, or such classification, rule, regulation, or practice; and pending such hearing and the decision thereon, the Board, upon reasonable notice, and by filing with such tariff, and delivering to the air carrier or foreign air carrier affected thereby, a statement in writing of its reasons for such suspension, and the effective date thereof, may suspend the operation of such tariff and defer the use of such rate, fare, or charge, or such classification, rule, regulation, or practice, following the effective date of such suspension, for a period or periods not exceeding three hundred and sixty-five days in the aggregate from the effective date of such suspension. If, after hearing, the Board shall be of the opinion that such rate, fare, or charge, or such classification, rule, regulation, or practice, is or will be unjust or unreasonable, or unjustly discriminatory, or unduly preferential, or unduly prejudicial, the Board may take action to cancel such tariff and prevent the use of such rate, fare, or charge, or such classification, rule, regulation, or practice. If the proceeding has not been concluded within the period of suspension or suspensions, the tariff shall again go into effect subject, however, to being canceled when the proceeding is concluded. For the purposes of operation during the period of such suspension, or the period following cancellation of an existing tariff

pending effectiveness of a new tariff, the air carrier or foreign air carrier may file a tariff embodying any rate, fare, or charge, or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, that may be currently in effect (and not subject to a suspension order) for any air carrier engaged in the same foreign air transportation.

Foreign carriers, tariff suspension.

“(3) Whenever the Board finds that the government or aeronautical authorities of any foreign country have refused to permit the charging of rates, fares, or charges contained in a properly filed and published tariff of an air carrier filed under this Act for foreign air transportation to such foreign country, the Board may, without hearing, (A) suspend the operation of any existing tariff of any foreign air carrier providing services between the United States and such foreign country for a period or periods not exceeding three hundred and sixty-five days in the aggregate from the date of such suspension, and (B) during the period of such suspension or suspensions, order the foreign air carrier to charge rate, fares, or charges which are the same as those contained in a properly filed and published tariff (designated by the Board) of an air carrier filed under this Act for foreign air transportation to such foreign country, and the effective right of an air carrier to start or continue service at the designated rates, fares, or charges to such foreign country shall be a condition to the continuation of service by the foreign air carrier in foreign air transportation to such foreign country.

“(4) The provisions of this subsection and compliance with any order of the Board issued pursuant thereto shall be an express condition to the certificates or permits now held or hereafter issued to any air carrier or foreign air carrier, and the maintenance of rates, fares, or charges in conformity with the requirements of such provisions and such order of the Board shall be a condition to the continuation of the affected service by such air carrier or foreign air carrier.

Oregon Dunes  
National Recreation Area.  
Establishment.

SEC. 2. The administration, protection, and development of the recreation area shall be by the Secretary of Agriculture (hereinafter called the "Secretary") in accordance with the laws, rules, and regulations applicable to national forests, in such manner as in his judgment will best contribute the attainment of the purposes set forth in section 1 of this Act.

Administration.

SEC. 3. The portion of the recreation area delineated as the "Inland Sector" on the map referenced in section 4 of this Act is hereby established as an inland buffer sector in order to promote such management and use of the lands, waters, and other properties within such sector as will best protect the values which contribute to the purposes set forth in section 1 of this Act.

SEC. 4. The boundaries of the recreation area, as well as the boundaries of the inland sector included therein, shall be as shown on a map entitled "Proposed Oregon Dunes National Recreation Area" dated May 1971, which is on file and available for public inspection in the Office of the Chief, Forest Service, Department of Agriculture, and to which is attached and hereby made a part thereof a detailed description by metes and bounds of the exterior boundaries of the recreation area and of the inland sector. The Secretary may by publication of a revised map or description in the Federal Register correct clerical or typographical errors in said map or descriptions.

(b) The Secretary shall, in addition to his consultation with the advisory council, seek the views of other private groups and individuals with respect to administration of the recreation area.

(c) The members shall not receive any compensation for their services as members of the council, as such, but the Secretary is authorized to pay expenses reasonably incurred by the council in carrying out its responsibilities.

To authorize the District of Columbia to enter into the Interstate Compact on Mental Health.

Interstate Com-  
pact on Mental  
Health Act.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*, That this Act may be cited as the "Interstate Compact on Mental Health Act".

SEC. 2. The Commissioner of the District of Columbia is hereby authorized to enter into and execute on behalf of the District of Columbia an agreement with any State or States legally joining therein in the form substantially as follows:

## "THE INTERSTATE COMPACT ON MENTAL HEALTH

### "ARTICLE I—PURPOSE AND FINDINGS

"The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

### "ARTICLE II—DEFINITIONS

"As used in this compact:

"(a) 'Sending state' shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

"(b) 'Receiving state' shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

"(c) 'Institution' shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency, and shall include Saint Elizabeth's Hospital in the District of Columbia.

"(d) 'Patient' shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

"(e) 'After-care' shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

"(f) 'Mental illness' shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

"(g) 'Mental deficiency' shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

“(h) ‘State’ shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

#### “ARTICLE III—ELIGIBILITY AND PLACEMENT OF PATIENTS

“(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

“(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

“(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

“(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

“(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

#### “ARTICLE IV—AFTER-CARE OR SUPERVISION IN THE RECEIVING STATE

“(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

“(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending

state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

“(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

#### “ARTICLE V—ESCAPE OF DANGEROUS OR POTENTIALLY DANGEROUS PATIENTS

“Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

#### “ARTICLE VI—TRANSPORTING PATIENTS THROUGH PARTY STATES

“The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

#### “ARTICLE VII—PAYMENT OF COSTS

“(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

“(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

“(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

“(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

“(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a non-party state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

#### “ARTICLE VIII—GUARDIANS

“(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for which he may serve, except that where the transfer of any patient to

another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances: *Provided, however,* That in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

“(b) The term ‘guardian’ as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

“ARTICLE IX—INAPPLICABILITY OF COMPACT TO PERSONS SUBJECT TO PENAL SENTENCE; POLICY AGAINST PLACEMENT OF PATIENTS IN PRISONS OR JAILS

“(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

“(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

“ARTICLE X—COMPACT ADMINISTRATORS

“(a) Each party state shall appoint a ‘compact administrator’ who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

“(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

“ARTICLE XI—SUPPLEMENTARY AGREEMENTS

“The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find

that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

#### “ARTICLE XII—EFFECTIVE DATE OF COMPACT

“This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

#### “ARTICLE XIII—WITHDRAWAL FROM COMPACT

“(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of this compact.

“(b) Withdrawal from any agreement permitted by Article XII (b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

#### “ARTICLE XIV—CONSTRUCTION AND SEVERABILITY

“This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.”

## FINDINGS AND DECLARATION OF PURPOSE

## SEC. 2. (a) The Congress finds and declares—

(2) that the disease is a deadly and tragic burden which is likely to strike one-fourth of the children born to parents who both bear the sickle cell trait;

(3) that efforts to prevent sickle cell anemia must be directed toward increased research in the cause and treatment of the disease, and the education, screening, and counseling of carriers of the sickle cell trait;

(4) that simple and inexpensive screening tests have been devised which will identify those who have the disease or carry the trait;

(5) that programs to control sickle cell anemia must be based entirely upon the voluntary cooperation of the individuals involved; and

(6) that the attainment of better methods of control, diagnosis, and treatment of sickle cell anemia deserves the highest priority.

(b) In order to preserve and protect the health and welfare of all citizens, it is the purpose of this Act to establish a national program for the diagnosis, control, and treatment of, and research in, sickle cell anemia.

42 USC 402.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*, That (a) this Act may be cited as the "Black Lung Benefits Act of 1972".

(b) (1) Section 412(a) of the Federal Coal Mine Health and Safety Act of 1969 is amended by redesignating paragraph (3) as paragraph (4), and by inserting after paragraph (2) the following new paragraph:

"(3) In the case of the child or children of a miner whose death is due to pneumoconiosis or of a miner who is receiving benefits under this part at the time of his death, or who was totally disabled by pneumoconiosis at the time of his death, and in the case of the child or children of a widow who is receiving benefits under this part at the time of her death, benefits shall be paid to such child or children as follows: If there is one such child, he shall be paid benefits at the rate specified in paragraph (1). If there is more than one such child, the benefits paid shall be divided equally among them and shall be paid at a rate equal to the rate specified in paragraph (1), increased by 50 per centum of such rate if there are two such children, by 75 per centum of such rate if there are three such children, and by 100 per centum of such rate if there are more than three such children: *Provided*, That benefits shall only be paid to a child for so long as he meets the criteria for the term 'child' contained in section 402(g): *And provided further*, That no entitlement to benefits as a child shall be established under this paragraph (3) for any month for which entitlement to benefits as a widow is established under paragraph (2)."

(2) Section 412(a) of such Act is further amended by adding at the end thereof the following new paragraphs:

"(5) In the case of the dependent parent or parents of a miner whose death is due to pneumoconiosis, or of a miner who is receiving benefits under this part at the time of his death, or of a miner who was totally disabled by pneumoconiosis at the time of death, and who is not survived at the time of his death by a widow or a child, or in the case of the dependent surviving brother(s) or sister(s) of such a miner who is not survived at the time of his death by a widow, child, or parent, benefits shall be paid under this part to such parent(s), or to such brother(s), or sister(s), at the rate specified in paragraph (3) (as if such parent(s) or such brother(s) or sister(s), were the children of such miner). In determining for purposes of this paragraph whether a claimant bears the relationship as the miner's parent, brother, or sister, the Secretary shall apply legal standards consistent with those applicable to relationship determination under title II of the Social Security Act. No benefits to a sister or brother shall be payable under this paragraph for any month beginning with the month in which he or she receives support from his or her spouse, or marries. Benefits shall be payable under this paragraph to a brother only if he is—

"(1) (A) under eighteen years of age, or

"(B) under a disability as defined in section 223(d) of the Social Security Act which began before the age specified in section 202(d) (1) (B) (ii) of such Act, or in the case of a student, before he ceased to be a student, or

“(C) a student as defined in section 402(g) ; or

“(2) who is, at the time of the miner’s death, disabled as determined in accordance with section 223(d) of the Social Security Act, during such disability. Any benefit under this paragraph for a month prior to the month in which a claim for such benefit is filed shall be reduced to any extent that may be necessary, so that it will not render erroneous any benefit which, before the filing of such claim, the Secretary has certified for payment for such prior months. As used in this paragraph, ‘dependent’ means that during the one year period prior to and ending with such miner’s death, such parent, brother, or sister was living in the miner’s household, and was, during such period, totally dependent on the miner for support. Proof of such support shall be filed by such claimant within two years after the month in which this amendment is enacted, or within two years after the miner’s death, whichever is the later. Any such proof which is filed after the expiration of such period shall be deemed to have been filed within such period if it is shown to the satisfaction of the Secretary that there was good cause for failure to file such proof within such period. The determination of what constitutes ‘living in the miner’s household’, ‘totally dependent upon the miner for support,’ and ‘good cause,’ shall for purposes of this paragraph be made in accordance with regulations of the Secretary. Benefit payments under this paragraph to a parent, brother, or sister, shall be reduced by the amount by which such payments would be reduced on account of excess earnings of such parent, brother, or sister, respectively, under section 203(b)–(1) of the Social Security Act, as if the benefit under this paragraph were a benefit under section 202 of such Act.

“(6) If an individual’s benefits would be increased under paragraph (4) of this subsection because he or she has one or more dependents, and it appears to the Secretary that it would be in the interest of any such dependent to have the amount of such increase in benefits (to the extent attributable to such dependent) certified to a person other than such individual, then the Secretary may, under regulations prescribed by him, certify the amount of such increase in benefits (to the extent so attributable) not to such individual but directly to such dependent or to another person for the use and benefit of such dependent; and any payment made under this clause, if otherwise valid under this title, shall be a complete settlement and satisfaction of all claims, rights, and interests in and to such payment.”

(c) (1) Sections 412(b), 414(e), and 424 of such Act are amended by inserting after “widow” each time it appears the following: “, child, parent, brother, or sister”, and section 421(a) is amended by inserting after “widows” the following: “, children, parents, brothers, or sisters, as the case may be,”.

(2) Section 402(a) of such Act is amended to read:

“(a) The term ‘dependent’ means—

“(1) a child as defined in subsection (g) without regard to subparagraph (2) (B) (ii) thereof; or

“(2) a wife who is a member of the same household as the miner, or is receiving regular contributions from the miner for her support, or whose husband is a miner who has been ordered by a court to contribute to her support, or who meets the requirements of section 216(b) (1) or (2) of the Social Security Act. The determination of an individual’s status as the ‘wife’ of a miner shall be made in accordance with section 216(h) (1) of the Social Security Act as if such miner were the ‘insured individual’

In the case of a living miner, a wife's affidavit may not be used by itself to establish the presumption. The Secretary shall not apply all or a portion of the requirement of this paragraph that the miner work in an underground mine where he determines that conditions of a miner's employment in a coal mine other than an underground mine were substantially similar to conditions in an underground mine. Each such grant shall be made under such conditions as the Administrator shall determine to be required to insure that the United States will receive therefrom benefit adequate to justify the making of that grant. None of the funds appropriated for "Research and development" pursuant to this Act may be used in accordance with this subsection for the construction of any major facility, the estimated cost of which, including collateral equipment, exceeds \$250,000, unless the Administrator or his designee has notified the Speaker of the House of Representatives and the President of the Senate and the Committee on Science and Astronautics of the House of Representatives and the Committee on Aeronautical and Space Sciences of the Senate of the nature, location, and estimated cost of such facility.

Program speci-  
fications.

Notice to Con-  
gress.

(e) When so specified in an appropriation Act, (1) any amount appropriated for "Research and development" or for "Construction of facilities" may remain available without fiscal year limitation, and (2) maintenance and operation of facilities, and support services contracts may be entered into under the "Research and program management" appropriation for periods not in excess of twelve months beginning at any time during the fiscal year.

(f) Appropriations made pursuant to subsection 1(c) may be used, but not to exceed \$35,000, for scientific consultations or extraordinary expenses upon the approval or authority of the Administrator and his determination shall be final and conclusive upon the accounting officers of the Government.

## Limitations.

(g) Of the funds appropriated pursuant to subsections 1(a) and 1(c), not in excess of \$10,000 for each project, including collateral equipment, may be used for construction of new facilities and additions to existing facilities, and not in excess of \$25,000 for each project, including collateral equipment, may be used for rehabilitation or modification of facilities: *Provided*, That of the funds appropriated pursuant to subsection 1(a), not in excess of \$250,000 for each project, including collateral equipment, may be used for any of the foregoing for unforeseen programmatic needs.

## Campuses barring military recruiters, grants prohibition.

(h) No part of the funds appropriated pursuant to subsection (a) of this section may be used for grants to any nonprofit institution of higher learning unless the Administrator or his designee determines at the time of the grant that recruiting personnel of any of the Armed Forces of the United States are not being barred from the premises or property of such institution except that this subsection shall not apply if the Administrator or his designee determines that the grant is a continuation or renewal of a previous grant to such institution which is likely to make a significant contribution to the aeronautical and space activities of the United States. The Secretary of Defense shall furnish to the Administrator or his designee within sixty days after the date of enactment of this Act and each January 30 and June 30 thereafter the names of any nonprofit institutions of higher learning which the Secretary of Defense determines on the date of each such report are barring such recruiting personnel from premises or property of any such institution.

## Construction cost variations.

SEC. 2. Authorization is hereby granted whereby any of the amounts prescribed in paragraphs (1) through (15), inclusive, of subsection 1(b) may, in the discretion of the Administrator of the National Aeronautics and Space Administration, be varied upward 5 per centum to meet unusual cost variations, but the total cost of all work authorized under such paragraphs shall not exceed the total of the amounts specified in such paragraphs.

## Transfer of funds.

SEC. 3. Not to exceed one-half of 1 per centum of the funds appropriated pursuant to subsection 1(a) hereof may be transferred to the "Construction of facilities" appropriation, and, when so transferred, together with \$10,000,000 of the funds appropriated pursuant to subsection 1(b) hereof (other than funds appropriated pursuant to paragraph (16) of such subsection) shall be available for expenditure to construct, expand, or modify laboratories and other installations at any location (including locations specified in subsection 1(b)), if (1) the Administrator determines such action to be necessary because of changes in the national program of aeronautical and space activities or new scientific or engineering developments, and (2) he determines that deferral of such action until the enactment of the next authorization Act would be inconsistent with the interest of the Nation in aeronautical and space activities. The funds so made available may be expended to acquire, construct, convert, rehabilitate, or install permanent or temporary public works, including land acquisition, site preparation, appurtenances, utilities, and equipment. No portion of such sums may be obligated for expenditure or expended to construct, expand, or modify laboratories and other installations unless (A) a period of thirty days has passed after the Administrator or his designee has transmitted to the Speaker of the House of Representatives and to the President of the Senate and to the Committee on Science and Astronautics of the House of Representatives and to the Committee on Aeronautical and Space Sciences of the Senate a written report containing a full and complete statement concerning (1) the nature of such construction, expansion, or modification, (2)

## Report to Congress.

the cost thereof including the cost of any real estate action pertaining thereto, and (3) the reason why such construction, expansion, or modification is necessary in the national interest, or (B) each such committee before the expiration of such period has transmitted to the Administrator written notice to the effect that such committee has no objection to the proposed action.

SEC. 4. (a) Notwithstanding any other provision of this Act—

Use of funds,  
restrictions.

(1) no amount appropriated pursuant to this Act may be used for any program deleted by the Congress from requests as originally made to either the House Committee on Science and Astronautics or the Senate Committee on Aeronautical and Space Sciences,

(2) no amount appropriated pursuant to this Act may be used for any program in excess of the amount actually authorized for that particular program by sections 1(a) and 1(c), and

(3) no amount appropriated pursuant to this Act may be used for any program which has not been presented to or requested of either such committee,

unless (A) a period of thirty days has passed after the receipt by the Speaker of the House of Representatives and the President of the Senate and each such committee of notice given by the Administrator or his designee containing a full and complete statement of the action proposed to be taken and the facts and circumstances relied upon in support of such proposed action, or (B) each such committee before the expiration of such period has transmitted to the Administrator written notice to the effect that such committee has no objection to the proposed action.

Notice to  
Congress.

(b) Nothing in this section shall be construed to authorize the expenditure of amounts for personnel and related costs pursuant to section 1(c) to exceed amounts authorized for such costs.

SEC. 5. It is the sense of the Congress that it is in the national interest that consideration be given to geographical distribution of Federal research funds whenever feasible, and that the National Aeronautics and Space Administration should explore ways and means of distributing its research and development funds whenever feasible.

Research funds,  
geographical dis-  
tribution.

SEC. 6. (a) If an institution of higher education determines, after affording notice and opportunity for hearing to an individual attending, or employed by, such institution, that such individual has been convicted by any court of record of any crime which was committed after the date of enactment of this Act and which involved the use of (or assistance to others in the use of) force, disruption, or the seizure of property under control of any institution of higher education to prevent officials or students in such institution from engaging in their duties of pursuing their studies, and that such crime was of a serious nature and contributed to a substantial disruption of the administration of the institution with respect to which such crime was committed, then the institution which such individual attends, or is employed by, shall deny for a period of two years any further payment to, or for the direct benefit of, such individual under any of the programs authorized by the National Aeronautics and Space Act of 1958, the funds for which are authorized pursuant to this Act. If an institution denies an individual assistance under the authority of the preceding sentence of this subsection, then any institution which such individual subsequently attends shall deny for the remainder of the two-year period any further payment to, or for the direct benefit of, such individual under any of the programs authorized by the National Aeronautics and Space Act of 1958, the funds for which are authorized pursuant to this Act.

To amend the Atomic Energy Act of 1954, as amended, to authorize the Commission to issue temporary operating licenses for nuclear power reactors under certain circumstances, and for other purposes.

June 2, 1972  
[H. R. 14655]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That there is hereby added to the Atomic Energy Act a new section 192 to read as follows:

Nuclear power reactors.  
Temporary licensing authority.

68 Stat. 921.  
42 USC 2011.  
76 Stat. 409.  
42 USC 2239.

#### "SEC. 192. TEMPORARY OPERATING LICENSE.—

"a. In any proceeding upon an application for an operating license for a nuclear power reactor, in which a hearing is otherwise required pursuant to section 189 a., the applicant may petition the Commission for a temporary operating license authorizing operation of the facility pending final action by the Commission on the application. Such petition may be filed at any time after filing of: (1) the report of the Advisory Committee on Reactor Safeguards required by subsection 182 b.; (2) the safety evaluation of the application by the Commission's regulatory staff; and (3) the regulatory staff's final detailed statement on the environmental impact of the facility prepared pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 (83 Stat. 853) or, in the case of an application for operating license filed on or before September 9, 1971, if the regulatory staff's final detailed statement required under section 102(2)(C) is not completed, the Commission must satisfy the applicable requirements of the National Environmental Policy Act prior to issuing any temporary operating license under this section 192. The petition shall be accompanied by an affidavit or affidavits setting forth the facts upon which the petitioner relies to justify issuance of the temporary operating license. Any party to the proceeding may file affidavits in support of, or opposition to, the petition within fourteen days after the filing of such petition, or within such additional time not to exceed ten days as may be fixed by the Commission. The Commission shall hold a hearing after ten days' notice and publication once in the Federal Register on any such petition and supporting material filed under this section and the decision of the Commission with respect to the issuance of a temporary operating license, following such hearing, shall be on the basis of findings on the matters specified in subsection b. of this section. The hearing required by this section and the decision of the Commission on the petition shall be conducted with expedited procedures as the Commission may by rule, regulation, or order deem appropriate for a full disclosure of material facts on all substantial issues raised in connection with the proposed temporary operating license.

42 USC 4321  
note.

Hearing; publication in Federal Register.

## Requirements.

“b. With respect to any petition filed pursuant to subsection a. of this section, the Commission shall issue a temporary operating license upon finding that:

68 Stat. 955.  
42 USC 2235.

“(1) the provisions of section 185 have been met with respect to the temporary operating license;

“(2) operation of the facility during the period of the temporary operating license in accordance with its terms and conditions will provide adequate protection of the environment during the period of the temporary operating license; and

“(3) operation of the facility in accordance with the terms and conditions of the temporary operating license is essential toward insuring that the power generating capacity of a utility system or power pool is at, or is restored to, the levels required to assure the adequacy and reliability of the power supply, taking into consideration factors which include, but need not be limited to, alternative available sources of supply, historical reserve requirements for the systems involved to function reliably, the possible endangerment to the public health and safety in the event of power shortages, and data from appropriate Federal and State governmental bodies which have official responsibility to assure an adequate and reliable power supply.

The temporary license shall contain such terms and conditions as the Commission may deem necessary, including the duration of the license and any provision for the extension thereof, and the requirement that the licensee not retire or dismantle any of its existing generating capacity on the ground of the availability of the capacity from the facility which is operating under the temporary license. Any decision or other document authorizing the issuance of any temporary license pursuant to this section shall recite with specificity the reasons justifying the issuance. The decision of the Commission with respect to the issuance of a temporary operating license shall be subject to judicial review pursuant to the Act of December 29, 1950, as amended (ch. 1189, 64 Stat. 1129).

## Judicial review.

28 USC 2341  
and note.

76 Stat. 409.  
42 USC 2239.

“c. The hearing on the application for the final operating license otherwise required pursuant to section 189 a. shall be concluded as promptly as practicable. The Commission shall vacate the temporary operating license if it finds that the applicant is not prosecuting the application for the final operating license with due diligence. Issuance of a temporary operating license pursuant to subsection b. of this section shall be without prejudice to the position of any party to the proceeding in which a hearing is otherwise required pursuant to section 189 a.; and failure to assert any ground for denial or limitation of a temporary operating license shall not bar the assertion of such ground in connection with the issuance of a subsequent final operating license.

Authority,  
expiration.

“d. The authority under this section shall expire on October 30, 1973.”

Approved June 2, 1972.

Nebraska Big Blue  
River Compact.  
Consent of  
Congress.

## "KANSAS-NEBRASKA BIG BLUE RIVER COMPACT

## "PREAMBLE

"The State of Kansas and the State of Nebraska, acting through their duly authorized Compact representatives, Keith S. Krause for the State of Kansas and Dan S. Jones, Jr., for the State of Nebraska, after negotiations participated in by Elmo W. McClendon, appointed by the President as the representative of the United States of America, and in accordance with the consent to such negotiations granted by an Act of Congress of the United States of America, approved June 3, 1960, Public Law 489, 86th Congress, 2nd Session, have agreed that the major purposes of this Compact concerning the waters of the Big Blue River and its tributaries are:

74 Stat. 160.

"A. To promote interstate comity between the States of Nebraska and Kansas;

"B. To achieve an equitable apportionment of the waters of the Big Blue River Basin between the two States and to promote orderly development thereof; and

"C. To encourage continuation of the active pollution-abatement programs in each of the two States and to seek further reduction in both natural and man-made pollution of the waters of the Big Blue River Basin.

"To accomplish these purposes, the said States have agreed as set forth in the following Articles.

## "ARTICLE I—DEFINITIONS

"As used in this Compact:

"1.1 The term "State" shall mean either State signatory hereto, and it shall be construed to include any person, entity, or agency of either State who, by reason of official responsibility or by designation of the Governor of the State, is acting as an official representative of the State;

"1.2 The term "Kansas-Nebraska Big Blue River Compact Administration," or the term "Administration," means the agency created by this Compact for the administration thereof;

"1.3 The term "Big Blue River Basin" means all of the drainage basin of the Big Blue and Little Blue Rivers in Nebraska and Kansas downstream to the confluence of the Big Blue River with the Kansas River near Manhattan, Kansas;

"1.4 The term "Big Blue River Basin in Nebraska" means all of the drainage basin of the Big Blue River in Nebraska and is exclusive of the drainage basin of the Little Blue River in Nebraska;

"1.5 The term "minimum mean daily flow" means the minimum mean flow for any one calendar day;

"1.6 The term "pollution" means contamination or other undesirable alteration of any of the physical, chemical, biological, radiological, or thermal properties of the waters of the basin, or the discharge into the waters of the basin of any liquid, gaseous, or solid substances

that create or are likely to result in a nuisance, or that render or are likely to render the waters into which they are discharged harmful, detrimental, or injurious to public health, safety, or welfare, or that are harmful, detrimental or injurious to beneficial uses of the water;

“1.7 The term “water project” means any physical structure or any man-made changes which affect the quantity or quality of natural water supplies or natural streamflows and which are designed to bring about greater beneficial use of the water resources of an area;

“1.8 The term “natural flow” means that portion of the flow in a natural stream that consists of direct runoff from precipitation on the land surface, ground-water infiltration to the stream, return flows to the natural stream from municipal, agricultural, or other uses, and releases from storage for no designated beneficial use;

“1.9 The term “inactive water appropriation” means a water right that is subject to cancellation or termination for non-use.

#### “ARTICLE II—DESCRIPTION OF THE BASIN

“2.1 The Big Blue River, a tributary of the Kansas River, drains an area of 9,696 square miles in south central Nebraska and north central Kansas. About 75 percent of the Big Blue River Basin is in Nebraska, and the remainder is in Kansas. The Big Blue River and its principal tributary, the Little Blue River, join near Blue Rapids, Kansas. From there, the Big Blue River flows generally southward to join the Kansas River near Manhattan, Kansas, as shown on Exhibit A.

“2.2 Much of the upper portion of the basin in Nebraska is underlain with sands and gravels that supply large quantities of water to irrigation wells. The lower portion of the basin in Nebraska and that portion of the basin in Kansas lack significant ground-water supplies except within the major stream valleys.

#### “ARTICLE III—ORGANIZATION OF COMPACT ADMINISTRATION

“3.1 ADMINISTRATION AGENCY. There is hereby established an interstate administrative agency, to be known as the “Kansas-Nebraska Big Blue River Compact Administration,” to administer the Compact.

“3.2 ADMINISTRATION MEMBERSHIP. The Administration shall be composed of one ex officio member and one advisory member from each State, plus a Federal member to be appointed by the President if he so desires. The ex officio member from each State shall be the official charged with the duty of administering the laws of his State pertaining to water rights. Said official shall designate a representative who may serve in his place at meetings of the Administration. All actions taken by the designated representative in the transaction of the business of the Administration shall be in the name of the official he represents and shall be binding on that official. The advisory member from each State may serve in any capacity within the Administration. He shall reside in the Big Blue River Basin portion of the State he represents.

“The Governor of each State shall appoint the advisory member from that State for a term of 4 years. This appointment shall be made within 90 days after the effective date of this Compact.

“3.3 ADMINISTRATION GOVERNMENT. The Administration shall hold its first meeting within 120 days after the effective date of this Compact, and it shall meet at least annually thereafter. The Federal member, if one be designated, shall serve as Chairman, without vote. If no Federal representative is appointed, the Administration shall select a

Chairman, in addition to such officers as may be provided for in the rules and regulations, to serve at the will of the Administration. A meeting quorum shall consist of the ex officio members from both States, or their designated representatives. Each State shall have but one vote, cast by the ex officio member or his representative. All actions must be approved by both ex officio members or their representatives. Minutes of each meeting shall be kept, and they shall be available for public inspection.

“3.4 ADMINISTRATION POWERS AND DUTIES. The Administration shall have the power to adopt rules and regulations consistent with the provisions of this Compact, to enforce such rules and regulations, and to otherwise carry out its responsibilities. It may institute action in its own name in courts of competent jurisdiction to compel compliance with the provisions of this Compact and with the rules and regulations it adopts.

“The Administration is hereby authorized to employ the technical and clerical staff necessary to carry out its functions, and to maintain the office and appurtenances necessary to conduct its business. It may employ attorneys, engineers, or other consultants. It may purchase equipment and services necessary to its functions.

“The Administration shall publish an annual report including a review of its activities and financial status. It may also prepare and publish such other reports and publications as it deems necessary.

Report.

“In order to provide a sound basis for carrying out the apportionment provisions of this Compact, the Administration shall cause to be established such stream-gaging stations, ground-water observation wells, and other data-collection facilities as are necessary for administering this Compact; and it shall install such other equipment and collect such data therefrom, for a period of not less than 5 years, as are necessary or desirable for evaluating the effects of pumping of wells on the flows of the Big Blue and Little Blue Rivers at the Kansas-Nebraska State line. The well area to be considered is described in Article V, paragraph 5.2.

“The Administration shall have authority to accept funds from local, State, and Federal sources. It may enter into cooperative agreements and contribute funds to support such data-collection and analysis programs as are necessary for administration of the Compact.

#### “ARTICLE IV—RESPONSIBILITY OF EACH STATE

“4.1 EXPENSES OF ADMINISTRATION. Each State and Federal member of the Administration shall receive such compensation and such reimbursement for travel and subsistence as are provided by the government he represents, and he shall be paid by that government.

“4.2. BUDGET. Each year, the Administration shall prepare a properly documented budget covering the anticipated expenditures of the Administration for the following fiscal period. Each State shall make provision in its budget for funds to pay its share of the expenses of the Administration, which shall be divided equally between the States of Kansas and Nebraska. The Administration shall establish a fund to which each State shall contribute equally and from which the expenses of the Administration shall be paid.

“4.3 RECORDS AND INFORMATION. The State of Kansas and the State of Nebraska shall cooperate with the Administration and furnish to it such records, information, plans, data, and assistance as may be reasonably available; and they shall keep the Administration advised of Federal activities in connection with planning, design, construction, operation, and maintenance of water-resource projects in the Big Blue River Basin.

“Any local, public, or private agency collecting water data or planning, designing, constructing, operating, or maintaining any water project or facility in the Big Blue River Basin shall keep the Administration advised of its investigations and of any proposed changes and additions to existing projects and facilities, and it shall submit plans for new projects to the Administration for review of those project aspects affecting surface-water flowage and quality.

“ARTICLE V—APPORTIONMENT OF WATERS OF THE BIG BLUE RIVER BASIN

“5.1 PRINCIPLES OF APPORTIONMENT. The physical and other conditions peculiar to the Big Blue River Basin constitute the basis for this apportionment, and neither of the signatory States hereby, nor the Congress of the United States by its consent hereto, concedes that this apportionment establishes any general principle with respect to any other interstate stream.

“The States of Kansas and Nebraska subscribe to the principle of including storage capacity for low-flow regulation in reservoirs constructed by the U.S. Bureau of Reclamation and the U.S. Army Corps of Engineers, and to the principle of such administration as is required to assure that water released from storage for low-flow regulation shall remain available in the stream to accomplish its intended purpose.

“5.2 NEBRASKA APPORTIONMENT.—The State of Nebraska shall have free and unrestricted use of the waters of the Little Blue and Big Blue River Basins in Nebraska, such use to be in accordance with the laws of the State of Nebraska, subject to the limitations set forth below.

“(a) Water appropriations of record in the Little Blue and Big Blue River Basins in Nebraska on November 1, 1968, that were then inactive shall be cancelled by due process of laws in effect in that State.

“(b) During the period, May 1–September 30 the State of Nebraska shall regulate diversions from natural flow of Streams in the Little Blue and Big Blue River Basins by water appropriators junior to November 1, 1968, in order to maintain minimum mean daily flows at the state-line gaging stations (which are now located at Fairbury and Barneston, respectively, but which may be relocated at such other places as may be designated state-line gaging stations by the Administration) during each month as follows:

Little Blue River		Big Blue River	
May	45 cfs	May	45 cfs
June	45 cfs	June	45 cfs
July	75 cfs	July	80 cfs
August	80 cfs	August	90 cfs
September	60 cfs	September	65 cfs

“When such action is necessary to maintain the above schedule of flows, the State of Nebraska shall:

“(1) Limit diversions by natural-flow appropriators in Nebraska in accordance with their water appropriations;

“(2) Close, in reverse order of priority, natural-flow appropriations with priority dates subsequent to November 1, 1968, including rights to store water in the conservation-storage zones of reservoirs;

“(3) Enjoin all persons not holding valid natural-flow appropriations from taking water during periods when the exercise of junior natural-flow appropriations is being restricted;

“(4) Regulate, in the same manner that diversion of natural flows is regulated, withdrawals of water from irrigation wells installed after November 1, 1968, except equivalent wells drilled

to replace wells installed before that date, in the alluvium and valley side terrace deposits within one mile from the thread of the river and between the mouth of Walnut Creek and the Kansas-Nebraska State line on the Little Blue River and between the mouth of Turkey Creek and the Kansas-Nebraska State line on the Big Blue River (as delineated on Exhibits A and B of Supplement No. 1 to the Report of the Engineering Committee) provided that, if the regulation of such wells fails to yield any measurable increases in flows at the state-line gaging stations as determined by the investigations to be undertaken under Article III, paragraph 3.4, the regulation of such wells shall be discontinued. Determination of the effect on streamflow of the pumping of such wells shall rest with the administration.

“‘Delivery of water under the terms of this article shall be deemed to be in compliance with its provisions when the amounts passing the state-line gaging stations are substantially equivalent to the scheduled amounts. Minor irregularities in flow shall be disregarded.

“(c) The storage capacity provided in reservoirs in the Little Blue River Basin in Nebraska shall be limited to a total of 200,000 acre-feet. Similarly, the storage capacity in reservoirs in the Big Blue River Basin in Nebraska shall be limited to 500,000 acre-feet. These limitations are exclusive of storage capacity that may be found necessary for regulation and use of waters imported into these basins in Nebraska; exclusive of storage capacity in small reservoir projects where the storage of water for subsequent use is less than 200 acre-feet; exclusive of storage capacity allocated to sedimentation and flood control; and exclusive of storage capacity allocated to, and from which water is released to accomplish low-flow augmentation for improvement of water quality, for fishery, wildlife, or recreation purposes, or for meeting the flow schedules at the Kansas-Nebraska State line as set out in Article V, paragraph 5.2.

“‘5.3 KANSAS APPORTIONMENT. The State of Kansas shall have free and unrestricted use of all waters of the Big Blue River Basin flowing into Kansas from Nebraska in accordance with this Compact, and of all waters of the basin originating in Kansas, excepting such waters as may, in the future, flow from Kansas into Nebraska.

“‘5.4 TRANSBASIN DIVERSION. In the event of any importation of water into the Big Blue River Basin by either State, the State making the importation shall have exclusive use of such imported water, including identifiable return flows therefrom. Neither State shall authorize the exportation from the Big Blue River of water originating within that basin without the approval of the administration.

#### “‘ARTICLE VI—WATER QUALITY CONTROL

“‘6.1 The States of Kansas and Nebraska mutually agree to the principle of individual State efforts to control natural and man-made water pollution within each State and to the continuing support of both States in active water pollution control programs.

“‘6.2 The two States agree to cooperate, through their appropriate State agencies, in the investigation, abatement, and control of sources of alleged interstate pollution within the Big Blue River Basin whenever such sources are called to their attention by the Administration.

“‘6.3 The two States agree to cooperate in maintaining the quality of the waters of the Big Blue River Basin at or above such water quality standards as may be adopted, now or hereafter, by the water pollution control agencies of the respective States in compliance with the provisions of the Federal Water Quality Act of 1965, and amendments thereto.

“6.4 The two States agree to the principle that neither State may require the other to provide water for the purpose of water quality control as a substitute for adequate waste treatment.

“‘ARTICLE VII—GENERAL PROVISIONS

“‘7.1 RIGHT TO STORE WATER IN UPPER STATE. The right of the State of Kansas or of any person, corporation, local agency, or entity in Kansas to construct or participate in the future construction and use of any storage reservoir or diversion works in the Big Blue and Little Blue Basins of Nebraska for the purpose of regulating water to be used in Kansas shall never be denied: *Provided*, That such right is subject to the laws of the State of Nebraska and that any such storage for use by Kansas shall be excluded from the limitations on storage under Article V, paragraph 5.2(c).

“‘Releases of water from storage provided by Kansas interests in the State of Nebraska shall not be counted toward meeting the minimum flow requirements at the State line under the provisions of paragraph 5.2(b).

“‘7.2 DISCLAIMER. Nothing contained in this Compact shall be deemed:

“‘1. To impair, extend, or otherwise affect any right or power of the United States, its agencies, or its instrumentalities involved herein;

“‘2. To subject to the laws of the States of Kansas and Nebraska any property or rights of the United States that were not subject to the laws of those States prior to the date of this Compact;

“‘3. To interfere with or impair the right or power of either signatory State to regulate within its boundaries the appropriation, use, and control of waters within that State consistent with its obligations under this Compact.

“‘7.3 INVALIDITY IN PART. Should a court of competent jurisdiction hold any part of this Compact to be contrary to the constitution of either signatory State or to the Constitution of the United States, all other severable provisions of this Compact shall continue in full force and effect.

“‘7.4 FUTURE REVIEW. After the expiration of 5 years following the effective date of this Compact, the Administration may review any provision hereof; and it shall meet for such review whenever a member of the Administration from either State requests such review. All provisions hereof shall remain in full force and effect until changed and amended within the intent of the Compact by unanimous action of the Administration, and until such changes in this Compact are ratified by the Legislatures of the respective States and are consented to by the Congress of the United States, in the same manner that this Compact is required to be ratified and consented to before it becomes effective.

“‘7.5 TERMINATION. This Compact may be terminated at any time by appropriate action of the Legislatures of both signatory States. In the event of amendment or termination of the Compact, the water-resource developments made in compliance with, and reliant upon, this Compact shall continue unimpaired.

“‘ARTICLE VIII—RATIFICATION

“‘8.1 This Compact shall become binding and obligatory when it shall have been ratified by the Legislature of each State and consented to by the Congress of the United States and when the Congressional Act consenting to this Compact includes the consent of

Congress to name and join the United States as a party in any litigation in the United States Supreme Court, if the United States is an indispensable party and if the litigation arises out of this Compact or its application, and if a signatory State is a party thereto.

“8.2 Notice of ratification by the Legislature of each State shall be given by the Governor of that State to the Governor of the other State and to the President of the United States, and the President is hereby requested to give notice to the Governor of each State of the consent by the Congress of the United States.”

“IN WITNESS WHEREOF the authorized representatives have executed three counterparts hereof, each of which shall be and constitute an original, one of which shall be deposited with the Administrator of General Services of the United States, and one of which shall be forwarded to the Governor of each State.

The fund shall assume all the liabilities, obligations, and commitments of the said (1) Buildings Management Fund, (2) Construction Services Fund, and (3) the appropriations specified in (C) hereof.

40 USC 296.

Advances.

"(4) There is authorized to be appropriated to the fund for the fiscal year in which the fund becomes operational, and for the succeeding fiscal year, such advances to the fund as may be necessary to carry out its purposes. Such advances shall be repaid within 30 years, with interest at a rate not less than a rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining period to maturity comparable to the average maturities

of such advances adjusted to the nearest one-eighth of 1 per centum.

“(5) In any fiscal year there may be deposited to miscellaneous receipts in the Treasury of the United States such amount as may be specified in appropriation Acts.

“(6) Nothing in this section shall preclude the Administrator from providing special services not included in the standard level user charge on a reimbursable basis and such reimbursements may be credited to the fund established under this subsection.”

SEC. 4. Section 210 of the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 490), is amended by adding two new subsections reading as follows:

“(j) The Administrator is authorized and directed to charge anyone furnished services, space, quarters, maintenance, repair, or other facilities (hereinafter referred to as space and services), at rates to be determined by the Administrator from time to time and provided for in regulations issued by him. Such rates and charges shall approximate commercial charges for comparable space and services, except that with respect to those buildings for which the Administrator of General Services is responsible for alterations only (as the term ‘alter’ is defined in section 13(5) of the Public Buildings Act of 1959 (73 Stat. 479), as amended (40 U.S.C. 612(5))), the rates charged the occupant for such services shall be fixed by the Administrator so as to recover only the approximate applicable cost incurred by him in providing such alterations. The Administrator may exempt anyone from the charges required by this subsection if he determines that such charges would be infeasible or impractical. To the extent any such exemption is granted, appropriations to the General Services Administration are authorized to reimburse the fund for any loss of revenue.

“(k) Any executive agency, other than the General Services Administration, which provides to anyone space and services set forth in subsection (j) of this section, is authorized to charge the occupant for such space and services at rates approved by the Administrator. Moneys derived by such executive agency from such rates or fees shall be credited to the appropriation or fund initially charged for providing the service, except that amounts which are in excess of actual operating and maintenance costs of providing the service shall be credited to miscellaneous receipts unless otherwise authorized by law.”

SEC. 5. (a) Whenever the Administrator of General Services determines that the best interests of the United States will be served by taking action hereunder, he is authorized to provide space by entering into purchase contracts, the terms of which shall not be more than thirty years and which shall provide in each case that title to the property shall vest in the United States at or before the expiration of the contract term and upon fulfillment of the terms and conditions stipulated in each of such purchase contracts. Such terms and conditions shall include provision for the application to the purchase price agreed upon therein of installment payments made thereunder. Each purchase contract authorized by this section shall be entered into pursuant to the provisions of title III of the Federal Property and Administrative Services Act of 1949, as amended. If any such contract is negotiated, the determination and findings supporting such negotiation shall be promptly reported in writing to the Committees on Public Works of the Senate and House of Representatives. Proposals for purchase contracts shall be solicited from the maximum number of qualified sources consistent with the nature and requirements of the facility to be procured.

(b) Each such purchase contract shall include such provisions as the Administrator of General Services, in his discretion, shall deem to be in the best interests of the United States and appropriate to secure the performance of the obligations imposed upon the party

Projects heretofore approved pursuant to the provisions of the Public Buildings Act of 1959, as amended (40 U.S.C. 601 et seq.), may be constructed under authority of this section without further approval, and the prospectuses submitted to obtain such approval shall for all purposes, be considered as prospectuses for the purchase of space, except that any such project shall be subject to the requirements of section 7(b) of the Public Buildings Act of 1959, as amended, based upon an estimated maximum cost increased by not more than an average of 10 per centum per year, exclusive of financing or other costs attributable to the use of the method of construction authorized by this section.

## Authority, expiration.

(g) No purchase contract shall be entered into under the authority granted under this section after the end of the third fiscal year which begins after the date of enactment of this section.

(h) No space shall be provided pursuant to this section until after the expiration of 30 days from the date upon which the Administrator of General Services notifies the Committees on Appropriations of the

Senate and House of Representatives of his determination that the best interests of the Federal Government will be served by providing such space by entering into a purchase contract therefor.

## EMERGENCY ASSISTANCE FOR INSTITUTIONS OF HIGHER EDUCATION

SEC. 122. (a) (1) The Congress hereby finds and declares that—

(A) the Nation's institutions of higher education constitute a national resource which significantly contributes to the security, general welfare, and economy of the United States;

(B) considerable evidence has been advanced which indicates that many institutions of higher education are in financial distress resulting from many causes, including, among others, efforts on the part of such institutions to increase enrollments, to improve the quality of education and training, and to enlarge educational opportunities; and

(C) various proposals have been presented to the Congress, in response to such condition of financial distress, for providing financial assistance to the Nation's institutions of higher education but, except for that necessary to justify payments provided for reimbursement for part of the cost of instruction as provided in title X of this Act, insufficient information is available on the basis of which the Congress can determine, with any degree of certainty, the nature and causes of such financial distress or the most appropriate means with which present and future conditions of financial distress may be dealt.

Post, p. 375.

(2) It is the purpose of this section to provide to institutions of higher education, which are determined in accordance with this section to be in serious financial distress, interim emergency assistance to enable them to determine the nature and causes of such distress and the means by which such distress may be alleviated, and to improve their capabilities for dealing with financial problems using, to the extent appropriate, assistance authorized under the Higher Education Act of 1965 and all other sources of financial assistance.

(b) (1) There is authorized to be appropriated for the period beginning with the date of enactment of this Act, and ending June 30, 1974, \$40,000,000 for the purpose of making grants under this section. Sums so appropriated shall remain available for obligation and expenditure until expended.

79 Stat. 1219.  
20 USC 1001  
note.  
Appropriation.

(2) (A) The Commissioner is authorized to make grants to institutions of higher education which are in serious financial distress, as such term is defined in regulations of the Commissioner, in accordance with the provisions of this section.

Grants.

(B) A grant under this subsection may be made only upon application therefor to the Commissioner. Such applications shall be submitted at such time, in such form, and containing such information, assurances, policies, and procedures as the Commissioner may require in order to enable him to carry out his functions under this section. The Commissioner shall not approve any such application unless he finds that—

Applications.

Approval conditions.

(i) in the case of a public institution of higher education, the institution has submitted its application for emergency assistance under this subsection to the appropriate State agency, as provided by the law of the State in which it is located and in accordance with regulations of the Commissioner, if any such agency exists

with respect to such State, and such State agency has made a finding, in accordance with criteria established by the Commissioner, that such institution is in serious financial distress and (I) is in need of financial assistance under this section to continue its operation, or (II) will have to discontinue or substantially curtail its academic programs to the detriment of the quality of education available to its students;

(ii) in the case of a nonpublic institution of higher education, the institution either has complied with the procedure set forth in clause (i) for public institutions, or has submitted an application directly to the Commissioner and the Commissioner has determined that the institution meets the condition set forth in either clause (i) (I) or (i) (II), and has submitted a copy to the appropriate State agency, as determined under the law of the State in which it is located and in accordance with regulations of the Commissioner, for comment;

(iii) such institution has developed, adopted, and submitted a plan which the Commissioner determines provides reasonable assurance that, if the institution receives the grant for which it is applying, such institution will be able, during and after the period covered by such grant, to continue the educational services, programs, and activities with respect to which such grant is sought;

(iv) such institution is making a major contribution to the overall higher educational system of the area of the State in which it is located, or of the Nation; and

(v) such institution has included in such application such policies and procedures for the use of funds received under the grant as will insure that such funds will not be used for a school or department of divinity or for any religious worship or sectarian activity, and as will insure that such funds will be solely used for the purposes for which the grant is made.

(C) An application shall be approved under this subsection only if it includes such information, terms, and conditions as the Commissioner finds necessary and reasonable to enable him to carry out his functions under this section, and as he determines will be in the financial interest of the United States, and the applicant agrees—

(i) to disclose such financial information as the Commissioner determines to be necessary to determine the sources or causes of its financial distress and other information relating to its use of its financial resources;

(ii) to conduct a comprehensive cost analysis study of its operation, including income-cost comparisons and cost per credit hour of instruction for each department, in accordance with uniform standards prescribed by the Commissioner; and

(iii) to consider, and either implement or give adequate reasons in writing for not doing so, any financial or operational reform recommended by the Commissioner for the improvement of its financial condition.

(D) The Commissioner shall not approve an application for a grant under this section without first obtaining the advice and recommendations of a panel of specialists who are not regular, full-time employees of the Federal Government and who are competent to evaluate the applications as to the relative degree of financial distress of the applying institutions.

### “Subpart 1—Basic Educational Opportunity Grants

#### “BASIC EDUCATIONAL OPPORTUNITY GRANTS: AMOUNT AND DETERMINATIONS; APPLICATIONS

“SEC. 411. (a) (1) The Commissioner shall, during the period beginning July 1, 1972, and ending June 30, 1975, pay to each student who has been accepted for enrollment in, or is in good standing at, an institution of higher education (according to the prescribed standards, regulations, and practices of that institution) for each academic year during which that student is in attendance at that institution, as an undergraduate, a basic grant in the amount for which that student is eligible, as determined pursuant to paragraph (2).

Basic grant  
formula.

“(2) (A) (i) The amount of the basic grant for a student eligible under this subpart for any academic year shall be \$1,400, less an amount equal to the amount determined under paragraph (3) to be the expected family contribution with respect to that student for that year.

Reductions,  
schedule.

“(ii) In any case where a student attends an institution of higher education on less than a full-time basis during any academic year, the amount of the basic grant to which that student is entitled shall be reduced in proportion to the degree to which that student is not so attending on a full-time basis, in accordance with a schedule of reductions established by the Commissioner for the purposes of this division. Such schedule of reductions shall be established by regulation and published in the Federal Register not later than February 1 of each year.

Publication in  
Federal Register.

Limitations.

“(B) (i) The amount of a basic grant to which a student is entitled under this subpart for any academic year shall not exceed 50 per centum of the actual cost of attendance at the institution at which the student is in attendance for that year.

“(ii) No basic grant under this subpart shall exceed the difference between the expected family contribution for a student and the actual cost of attendance at the institution at which that student is in attendance. If with respect to any student, it is determined that the amount of a basic grant plus the amount of the expected family contribution for that student exceeds the actual cost of attendance for that year, the amount of the basic grant shall be reduced until the combination of expected family contribution and the amount of the basic grant does not exceed the actual cost of attendance at such institution.

“(iii) No basic grant shall be awarded to a student under this subpart if the amount of that grant for that student as determined under this paragraph for any academic year is less than \$200. Pursuant to criteria established by the Commissioner by regulation, the institution of higher education at which a student is in attendance may award a

basic grant of less than \$200 upon a determination that the amount of the basic grant for that student is less than \$200 because of the requirement of division (i) and that, due to exceptional circumstances, this reduced grant should be made in order to enable the student to benefit from postsecondary education.

“(iv) For the purpose of this subparagraph and subsection (b) the term ‘actual cost of attendance’ means, subject to regulations of the Commissioner, the actual per-student charges for tuition, fees, room and board (or expenses related to reasonable commuting), books, and an allowance for such other expenses as the Commissioner determines by regulation to be reasonably related to attendance at the institution at which the student is in attendance.

“Actual cost of attendance.”

“(3) (A) (i) Not later than February 1 of each year the Commissioner shall publish in the Federal Register a schedule of expected family contributions for the succeeding academic year for various levels of family income, which, except as is otherwise provided in division (ii), together with any amendments thereto, shall become effective July 1 of that year. During the thirty-day period following such publication the Commissioner shall provide interested parties with an opportunity to present their views and make recommendations with respect to such schedule.

Schedule, publication in Federal Register.

“(ii) The schedule of expected family contributions required by division (i) for each academic year shall be submitted to the President of the Senate and the Speaker of the House of Representatives not later than February 1 of that year. If either the Senate or the House of Representatives adopts, prior to May 1 of such year, a resolution of disapproval of such schedule, the Commissioner shall publish a new schedule of expected family contributions in the Federal Register not later than fifteen days after the adoption of such resolution of disapproval. Such new schedule shall take into consideration such recommendations as may be made in connection with such resolution and shall become effective, together with any amendments thereto, on July 1 of that year.

Submission to Congress.

Publication in Federal Register.

“(B) (i) For the purposes of this paragraph and subsection (b), the term ‘family contribution’ with respect to any student means the amount which the family of that student may be reasonably expected to contribute toward his postsecondary education for the academic year for which the determination under subparagraph (A) of paragraph (2) is made, as determined in accordance with regulations. In promulgating such regulations, the Commissioner shall follow the basic criteria set forth in division (ii) of this subparagraph.

“Family contribution.”

“(ii) The basic criteria to be followed in promulgating regulations with respect to expected family contribution are as follows:

Regulations, criteria.

“(I) The amount of the effective income of the student or the effective family income of the student’s family.

“(II) The number of dependents of the family of the student.

“(III) The number of dependents of the student’s family who are in attendance in a program of postsecondary education and for whom the family may be reasonably expected to contribute for their postsecondary education.

“(IV) The amount of the assets of the student and those of the student’s family.

“(V) Any unusual expenses of the student or his family, such as unusual medical expenses, and those which may arise from a catastrophe.

“(iii) For the purposes of clause (I) of division (ii), the term ‘effective family income’ with respect to a student means the annual adjusted family income, as determined in accordance with regulations prescribed by the Commissioner, received by the parents or guardian

“Effective family income.”

of that student (or the person or persons having an equivalent relationship to such student) minus Federal income tax paid or payable with respect to such income.

49 Stat. 620.  
42 USC 1305.

80 Stat. 12;  
82 Stat. 1331.  
38 USC 1651,  
1700.  
Regulations.

“(iv) In determining the expected family contribution with respect to any student, any amount paid under the Social Security Act to, or on account of, the student which would not be paid if he were not a student, and one-half any amount paid the student under chapters 34 and 35 of title 38, United States Code, shall be considered as effective income for such student.

“(C) The Commissioner shall promulgate special regulations for determining the expected family contribution and effective family income of a student who is determined (pursuant to regulations of the Commissioner) to be independent of his parents or guardians (or the person or persons having an equivalent relationship to such student). Such special regulations shall be consistent with the basic criteria set forth in division (ii) of subparagraph (B).

“(4) (A) The period during which a student may receive basic grants shall be the period required for the completion of the undergraduate course of study being pursued by that student at the institution at which the student is in attendance, except that such period may not exceed four academic years unless—

“(i) the student is pursuing a course of study leading to a first degree in a program of study which is designed by the institution offering it to extend over five academic years; or

“(ii) the student is, or will be, unable to complete a course of study within four academic years because of a requirement of the institution of such course of study that the student enroll in a noncredit remedial course of study;

in either which case such period may be extended for not more than one additional academic year.

“Noncredit  
remedial course  
of study.”

“(B) For the purposes of clause (ii) of subparagraph (A), a ‘non-credit remedial course of study’ is a course of study for which no credit is given toward an academic degree, and which is designed to increase the ability of the student to engage in an undergraduate course of study leading to such a degree.

“(b) (1) The Commissioner shall from time to time set dates by which students must file applications for basic grants under this subpart.

“(2) Each student desiring a basic grant for any year must file an application therefor containing such information and assurances as the Commissioner may deem necessary to enable him to carry out his functions and responsibilities under this subpart.

Payments.

“(3) (A) Payments under this section shall be made in accordance with regulations promulgated by the Commissioner for such purpose, in such manner as will best accomplish the purposes of this section.

Insufficient  
funds, percentage  
of entitlement due.

“(B) (i) If, during any period of any fiscal year, the funds available for payments under this subpart are insufficient to satisfy fully all entitlements under this subpart, the amount paid with respect to each such entitlement shall be—

“(I) in the case of any entitlement which exceeds \$1,000, 75 per centum thereof;

“(II) in the case of any entitlement which exceeds \$800 but does not exceed \$1,000, 70 per centum thereof;

“(III) in the case of any entitlement which exceeds \$600 but does not exceed \$800, 65 per centum thereof; and

“(IV) in the case of any entitlement which does not exceed \$600, 50 per centum thereof.

Excess funds.

“(ii) If, during any period of any fiscal year, funds available for making payments under this subpart exceed the amount necessary to

make the payments prescribed in division (i), such excess shall be paid with respect to each entitlement under this subpart in proportion to the degree to which that entitlement is unsatisfied, after payments are made pursuant to division (i).

“(iii) In the event that, at the time when payments are to be made pursuant to this subparagraph (B), funds available therefor are insufficient to pay the amounts set forth in division (i), the Commissioner shall pay with respect to each entitlement an amount which bears the same ratio to the appropriate amount set forth in division (i) as the total amount of funds so available at such time for such payments bears to the amount necessary to pay the amounts indicated in division (i) in full.

“(iv) No method of computing or manner of distribution of payments under this subpart shall be used which is not consistent with this subparagraph.

“(v) In no case shall a payment under this subparagraph be made if the amount of such payment after application of the provisions of this subparagraph is less than \$50.

“(C) (i) During any fiscal year in which the provisions of subparagraph (B) apply, a basic grant to any student shall not exceed 50 per centum of the difference between the expected family contribution for that student and the actual cost of attendance at the institution in which the student is enrolled, unless sums available for making payments under this subsection for any fiscal year equal more than 75 per centum of the total amount to which all students are entitled under this subpart for that fiscal year, in which case no basic grant shall exceed 60 per centum of such difference.

Limitations.

“(ii) The limitation set forth in division (i) shall, when applicable, be in lieu of the limitation set forth in subparagraph (B) (i) of subsection (a) (2).

“(4) No payments may be made on the basis of entitlements established under this subpart during any fiscal year ending prior to July 1, 1975, in which—

“(A) the appropriation for making grants under subpart 2 of this part does not at least equal \$130,093,000; and

“(B) the appropriation for work-study payments under section 441 of this title does not at least equal \$237,400,000; and

“(C) the appropriation for capital contributions to student loan funds under part E of this title does not at least equal \$286,000,000.

## “Subpart 2—Supplemental Educational Opportunity Grants

### “PURPOSE; APPROPRIATIONS AUTHORIZED

“SEC. 413A. (a) It is the purpose of this subpart to provide, through institutions of higher education, supplemental grants to assist in making available the benefits of postsecondary education to qualified students who, for lack of financial means, would be unable to obtain such benefits without such a grant.

“(b) (1) For the purpose of enabling the Commissioner to make payments to institutions of higher education which have made agreements with the Commissioner in accordance with section 413C(b), for use by such institutions for payments to undergraduate students for the initial academic year of a supplemental grant awarded to them under this subpart, there are authorized to be appropriated \$200,000,000 for the fiscal year ending June 30, 1973, and for each of the succeeding fiscal years ending prior to July 1, 1975. Funds appropriated pursuant to this paragraph shall be appropriated separate from any funds appropriated pursuant to paragraph (2).

"(2) In addition to the sums authorized to be appropriated by paragraph (1), there are authorized to be appropriated such sums as may be necessary for payment to institutions of higher education for use by such institutions for making continuing supplemental grants under this subpart, except that no appropriation may be made pursuant to this paragraph for any fiscal year beginning more than three years after the last fiscal year for which an appropriation is authorized under paragraph (1). Funds appropriated pursuant to this paragraph shall be appropriated separate from any funds appropriated pursuant to paragraph (1).

"(3) Sums appropriated pursuant to this subsection for any fiscal year shall be available for payments to institutions until the end of the fiscal year succeeding the fiscal year for which they were appropriated.

Initial year payment provisions.

"(4) For the purposes of this subsection, payment for the first year of a supplemental grant shall not be considered as an initial year payment if the grant was awarded for the continuing education of a student who—

"(A) had been previously awarded a supplemental grant under this subpart (whether by another institution or otherwise), and

"(B) had received payment for any year of that supplemental grant.

#### "AMOUNT AND DURATION OF GRANTS

"SEC. 413B. (a) (1) From the funds received by it for such purpose under this subpart, an institution which awards a supplemental grant to a student for an academic year under this subpart shall, for such year, pay to that student an amount determined pursuant to paragraph (2).

Limitation.

"(2) (A) (i) The amount of the payment to any student pursuant to paragraph (1) shall be equal to the amount determined by the institution to be needed by that student to enable him to pursue a course of study at the institution, except that such amount shall not exceed—

"(I) \$1,500, or

"(II) one-half the sum of the total amount of student financial aid provided to such student by such institution, whichever is the lesser.

"(ii) No student shall be paid during all the academic years he is pursuing his undergraduate course of study at one or more institutions of higher education in excess of \$4,000 or in the case of any student to whom the provisions of subsection (b) (1) (B) apply, \$5,000.

"Student financial aid."

*Ante*, p. 248;  
*Post*, pp. 271,  
273.

"(iii) For the purposes of clause (II) of division (i), the term 'student financial aid' includes assistance payments to the student under subpart 1 of this part and parts C and E of this title, and any assistance provided to a student under any scholarship program established by a State or a private institution or organization, as determined in accordance with regulations, shall be deemed to be aid provided such student by the institution.

"(B) If the amount determined under division (i) of subparagraph (A) with respect to a student for any academic year is less than \$200, no payment shall be made to that student for that year.

Basic criteria and schedules.

"(C) Subject to subparagraphs (A) and (B), the Commissioner shall prescribe, for the guidance of institutions, basic criteria and schedules for the determination of the amount of need to be determined under division (i) of subparagraph (A). Such criteria and schedules shall take into consideration the objective of limiting assistance under this subpart to students of financial need, and such other factors related to determining the need of students for financial assistance as the Commissioner deems relevant but such criteria or schedules shall not disqualify an applicant on account of his earned income if income from other sources in the amount of such earned income would not disqualify him.

“(b)(1)(A) A student eligible for a supplemental grant may be awarded such a grant under this subpart for each academic year of the period required for completion by the recipient of his undergraduate course of study in the institution of higher education from which he received such grant.

“(B) A student may not receive supplemental grants under this subpart for a period of more than four academic years, except that in the case of a student—

Five-year programs.

“(i) who is pursuing a course of study leading to a first degree in a program of study which is designed by the institution offering it to extend over five academic years, or

“(ii) who is because of his particular circumstances determined by the institution to need an additional year to complete a course of study normally requiring four academic years, such period may be extended for not more than one additional academic year.

“(2) A supplemental grant awarded under this subpart shall entitle the student to whom it is awarded to payments pursuant to such grant only if—

Academic and attendance standards.

“(A) that student is maintaining satisfactory progress in the course of study he is pursuing, according to the standards and practices of the institution awarding the grant, and

“(B) that student is devoting at least half-time to that course of study, during the academic year, in attendance at that institution.

Failure to be in attendance at the institution during vacation periods or periods of military service, or during other periods during which the Commissioner determines, in accordance with regulations, that there is good cause for his nonattendance, shall not render a student ineligible for a supplemental grant; but no payments may be made to a student during any such period of failure to be in attendance or period of nonattendance.

Nonattendance.

#### “SELECTION OF RECIPIENTS; AGREEMENTS WITH INSTITUTIONS

“SEC. 413C. (a)(1) An individual shall be eligible for the award of a supplemental grant under this subpart by an institution of higher education which has made an agreement with the Commissioner pursuant to subsection (b), if the individual makes application at the time and in the manner prescribed by that institution, in accordance with regulations of the Commissioner.

Eligibility requirements.

“(2) From among those who are eligible for supplemental grants through an institution which has an agreement with the Commissioner under subsection (b) for each fiscal year, the institution shall, in accordance with such agreement under subsection (b), and within the amount allocated to the institution for that purpose for that year under section 413D(b) select individuals who are to be awarded such grants and determine, in accordance with section 413B, the amounts to be paid to them. An institution shall not award a supplemental grant to an individual unless it determines that—

“(A) he has been accepted for enrollment as an undergraduate student at such institution or, in the case of a student already attending such institution, is in good standing there as an undergraduate;

“(B) he shows evidence of academic or creative promise and capability of maintaining good standing in this course of study;

“(C) he is of exceptional financial need; and

“(D) he would not, but for a supplemental grant, be financially able to pursue a course of study at such institution.

For the purposes of clause (C) of this paragraph, in determining financial need, the expected family contribution shall be considered to be the contribution expected in the specific circumstances of the student as determined by the student financial aid officer at the institution in accordance with criteria promulgated by the Commissioner. Any calculation of the ability of a family to contribute shall include consideration of (i) family assets which should reasonably be available for such purpose, (ii) the number of children in the family, (iii) the number of children attending institutions of higher education, (iv) any catastrophic illness in the family, (v) any educational expenses of other dependent children in the family, and (vi) other circumstances affecting the student's financial need.

Institutional  
agreement pro-  
visions.

“(b) An institution of higher education which desires to obtain funds for supplemental grants under this subpart shall enter into an agreement with the Commissioner. Such agreement shall—

*Post*, p. 274.

“(1) provide that funds received by the institution under this subpart will be used by it solely for the purposes specified in, and in accordance with, the provisions of this subpart and of section 463;

“(2) provide that, in determining whether an individual meets the requirements of clause (C) of paragraph (2) of subsection (a), the institution will—

“(A) consider the source of such individual's income and that of any individual or individuals upon whom he relies primarily for support, and

“(B) make appropriate review of the assets of the student and of such individuals;

“(3) provide that the institution, in cooperation with other eligible institutions where appropriate, will make vigorous efforts to identify qualified youths of exceptional financial need, and to encourage them to continue their education beyond secondary school through such programs and activities as—

“(A) establishing or strengthening close working relationships with secondary school principals and guidance and counseling personnel, with a view toward motivating students to complete secondary school and to pursue postsecondary school educational opportunities, and

“(B) making, to the extent feasible, conditional commitments for student financial aid by such institution to qualified secondary school students, who but for such grants would be unable to obtain the benefits of higher education, with special emphasis on students enrolled in grade 11 or lower grades who show evidences of academic or creative promise;

*Post*, p. 275.

“(4) provide that the institution will meet the requirements of section 464;

“(5) include provisions designed to make grants under this subpart reasonably available, to the extent of available funds, to all eligible students in attendance at the institution;

“(6) include such other provisions as may be necessary to protect the financial interest of the United States and promote the purposes of this subpart.

#### “APPORTIONMENT AND ALLOCATION OF FUNDS

“SEC. 413D. (a) (1) (A) From 90 per centum of the sums appropriated pursuant to section 413A (b) (1) for any fiscal year, the Commissioner shall apportion to each State an amount which bears the same ratio to such sums as the number of persons enrolled full-time and the full-time equivalent of the number of persons enrolled part time in institutions of higher education in such State bears to the total number

of such persons in all the States. The remainder of the sums so appropriated shall be apportioned among the States by the Commissioner in accordance with equitable criteria which he shall establish and which shall be designed to achieve a distribution of the sums so appropriated among the States which will most effectively carry out the purpose of this subpart, except that where any State's apportionment under the first sentence for a fiscal year is less than its allotment under the first sentence of section 401(b) of this Act for the fiscal year ending June 30, 1972, before he makes any other apportionments under this sentence, the Commissioner shall apportion sufficient additional sums to such State under this sentence to make the State's apportionment for that year under this paragraph equal to its allotment for the fiscal year ending June 30, 1972, under such first sentence. Sums apportioned to a State under the preceding sentence shall be consolidated with, and become a part of, its apportionment from the same appropriation under the first sentence of this paragraph.

*Ante*, p. 247.

Consolidation.

“(B) If the Commissioner determines that the sums apportioned to any State under subparagraph (A) for any fiscal year exceed the aggregate of the amounts that he determines to be required under subsection (b) for that fiscal year for institutions of higher education in that State, the Commissioner shall reapportion such excess, from time to time, on such date or dates as he shall fix, to other States in such manner as the Commissioner determines will best assist in achieving the purposes of this subpart.

Excess, re-  
apportionment.

“(2) Sums appropriated pursuant to section 413A(b)(2) for any fiscal year shall be apportioned among the States in such manner as the Commissioner determines will best achieve the purposes for which such sums were appropriated.

“(b)(1)(A) The Commissioner shall, from time to time, set dates before which institutions in any State must file applications for allocation, to such institutions, of supplemental grant funds from the apportionment to that State (including any reapportionment thereto) for any fiscal year pursuant to subsection (a)(1).

“(B)(i) From the sums apportioned (or reapportioned) to any State, the Commissioner shall allocate amounts to institutions which have submitted applications pursuant to subparagraph (A).

### “Subpart 3—Grants to States for State Student Incentives

#### “PURPOSE; APPROPRIATIONS AUTHORIZED

“SEC. 415A. (a) It is the purpose of this subpart to make incentive grants available to the States to assist them in providing grants to eligible students in attendance at institutions of higher education.

“(b)(1) There are hereby authorized to be appropriated \$50,000,000 for the fiscal year ending June 30, 1973, and for each of the succeeding fiscal years ending prior to July 1, 1975, for payments to the States for grants to students who have not previously been awarded such grants.

"(2) In addition to the sums authorized to be appropriated pursuant to paragraph (1), there is authorized to be appropriated such sums as may be necessary for making payments to States to continue their grants to students made with incentive grants received by such States for previous years pursuant to paragraph (1).

"(3) Sums appropriated pursuant to paragraph (1) for any fiscal year shall remain available for payments to States for the award of student grants under this subpart until the end of the fiscal year succeeding the fiscal year for which such sums were appropriated.

"(4) For the purposes of this subsection, a payment on the first year of a student grant with respect to any student who has not been awarded a grant from appropriations pursuant to paragraph (1) during any previous year shall be considered, subject to regulations of the Commissioner, an initial award to be paid from appropriations pursuant to paragraph (1).

#### "ALLOTMENT AMONG STATES

"SEC. 415B. (a) (1) (A) From the sums appropriated pursuant to section 415A(b) (1) for any fiscal year, the Commissioner shall allot to each State an amount which bears the same ratio to such sums as the number of students in attendance at institutions of higher education in such State bears to the total number of such students in such attendance in all the States.

"(B) For the purposes of this paragraph, the number of students in attendance at institutions of higher education in a State and in all the States shall be determined by the Commissioner for the most recent year for which satisfactory data are available to him.

"(2) The amount of any State's allotment under paragraph (1) for any fiscal year which the Commissioner determines will not be required for such fiscal year for the State student grant incentive program of that State shall be available for reallocation from time to time, on such dates during such year as the Commissioner may fix, to other States in proportion to the original allotments to such States under such part for such year, but with such proportionate amount for any of such States being reduced to the extent it exceeds the sum the Commissioner estimates such State needs and will be able to use for such year for carrying out the State plan; and the total of such reductions shall be similarly reallocated among the States whose proportionate amounts were not so reduced. Any amount reallocated to a State under this part during a year from funds appropriated pursuant to section 415A(b) (1) shall be deemed part of its allotment under paragraph (1) for such year.

"(b) Sums appropriated pursuant to section 415A(b) (2) for any fiscal year shall be allotted among the States in such manner as the Commissioner determines will best achieve the purposes for which such sums were appropriated.

"(c) The Commissioner shall make payments for continuing incentive grants only to those States which continue to meet the requirements of section 415C(b) (1), (2), (3), and (5).

#### "APPLICATIONS FOR STATE STUDENT INCENTIVE GRANT PROGRAMS

"SEC. 415C. (a) A State which desires to obtain a payment under this subpart for any fiscal year shall submit an application therefor through the State agency administering its program of student grants, at such time or times, and containing such information as may be required by, or pursuant to, regulation for the purpose of enabling the Commissioner to make the determinations required under this subpart.

“(b) From a State’s allotment under this subpart for any fiscal year the Commissioner is authorized to make payments to such State for paying 50 per centum of the amount of student grants pursuant to a State program which—

“(1) is administered by a single State agency;

“(2) provides that such grants will be in amounts not in excess of \$1,500 per academic year for attendance on a full-time basis as an undergraduate at an institution of higher education;

“(3) provides for the selection of recipients of such grants on the basis of substantial financial need determined annually on the basis of criteria established by the State and approved by the Commissioner;

“(4) provides for the payment of the non-Federal portion of such grants from funds supplied by such State which represent an additional expenditure for such year by such State for grants for students attending institutions of higher education over the amount expended by such State for such grants, if any, during the second fiscal year preceding the fiscal year in which such State initially received funds under this subpart; and

“(5) provides (A) for such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement of and accounting for Federal funds paid to the State agency under this subpart, and (B) for the making of such reports, in such form and containing such information, as may be reasonably necessary to enable the Commissioner to perform his functions under this subpart.

“(c) Upon his approval of any application for a payment under this subpart, the Commissioner shall reserve from the applicable allotment (including any applicable reallocation) available therefor, the amount of such payment, which (subject to the limits of such allotment or reallocation) shall be equal to the Federal share of the cost of the student incentive grants covered by such application. The Commissioner shall pay such reserved amount, in advance or by way of reimbursement, and in such installments as he may determine. The Commissioner’s reservation of any amount under this section may be amended by him, either upon approval of an amendment of the application or upon revision of the estimated cost of the student grants with respect to which such reservation was made, and in the event of an upward revision of such estimated cost approved by him he may reserve the Federal share of the added cost only from the applicable allotment (or reallocation) available at the time of such approval.

#### “ADMINISTRATION OF STATE PROGRAMS; JUDICIAL REVIEW

“SEC. 415D. (a) (1) The Commissioner shall not finally disapprove any application for a State program submitted under section 415C, or any modification thereof, without first affording the State agency submitting the program reasonable notice and opportunity for a hearing.

“(2) Whenever the Commissioner, after reasonable notice and opportunity for hearing to the State agency administering a State program approved under this subpart, finds—

Noncompliance,  
notification.

“(A) that the State program has been so changed that it no longer complies with the provisions of this subpart, or

“(B) that in the administration of the program there is a failure to comply substantially with any such provisions, the Commissioner shall notify such State agency that the State will not be regarded as eligible to participate in the program under this subpart until he is satisfied that there is no longer any such failure to comply.

## Appeal.

“(b) (1) If any State is dissatisfied with the Commissioner’s final action with respect to the approval of its State program submitted under this subpart or with his final action under subsection (a), such State may appeal to the United States court of appeals for the circuit in which such State is located. The summons and notice of appeal may be served at any place in the United States. The Commissioner shall forthwith certify and file in the court the transcript of the proceedings and the record on which he based his action.

## Fact findings, modification.

“(2) The findings of fact by the Commissioner, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Commissioner to take further evidence, and the Commissioner may thereupon make new or modified findings of fact and may modify his previous action, and shall certify to the court the transcript and record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

## Jurisdiction.

“(3) The court shall have jurisdiction to affirm the action of the Commissioner or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in title 28, United States Code, section 1254.

The remainder of the sums so appropriated shall be apportioned among the States by the Commissioner in accordance with equitable criteria which he shall establish and which shall be designed to achieve a distribution of the sums so appropriated among the States which will most effectively carry out the purpose of this part, except that where any State's apportionment under the first sentence for a fiscal year is less than its allotment under section 202(a) of the National Defense Education Act of 1958 for the fiscal year ending June 30, 1972, before he makes any other apportionments under this sentence, the Commissioner shall apportion sufficient additional sums to such State under this sentence to make the State's apportionment for that year under this paragraph equal to its allotment for the fiscal year ending June 30, 1972, under such section 202(a). “(b)(1) Any institution of higher education desiring to receive payments of Federal capital contributions from the apportionment of the State in which it is located for any fiscal year shall make an agreement under section 463 and shall submit an application therefor to the Commissioner, in accordance with the provisions of this part. The Commissioner shall, from time to time, set dates before which such institutions must file applications under this section.

“(2) The Commissioner shall pay to each applicant under this subsection which has an agreement with him under section 463, from the amount apportioned to the State in which it is located, the amount requested in such application. Such payment may be made in such installments as the Commissioner determines will not result in unnecessary accumulations of capital in the student loan fund of the applicant established under its agreement under section 463.

“(c)(1)(A) If the total amount of Federal capital contributions requested in the applications from a State for any fiscal year exceeds the amount apportioned to that State, the request from each institution shall be reduced ratably.

The allotment ratios shall be promulgated by the Commissioner as soon as possible after June 30, 1972, and annually thereafter, on the basis of the average of the incomes per person of the State and of all the States for the three most recent consecutive calendar years for which satisfactory data are available from the Department of Commerce.

Reallotment.

“(d) All amounts allotted under this section for any fiscal year, which are not reserved by the close of the fiscal year for which they are allotted, shall be reallotted by the Commissioner, on the basis of such factors as he determines to be equitable and reasonable, among the States which, as determined by the Commissioner, are able to use without delay any amounts so reallotted for the purposes of this section. #### “ELIGIBILITY FOR GRANTS

“SEC. 705. (a) Except as is provided in subsection (b), an institution of higher education shall be eligible for a grant under this part only if the State Commission determines, in accordance with criteria prescribed by regulation, that the construction project for which assistance is sought will, either alone or together with other construction to be undertaken within a reasonable time, result in—

“(1) a substantial expansion of, or

“(2) in the case of a new institution, the creation of, urgently needed (A) enrollment capacity, (B) the capacity to provide health care for students and institutional personnel, or (C) capacity to carry out extension and continuing education programs on the campus of such institution.

“(b) If the Commissioner determines, in accordance with criteria established by regulation, that the student enrollment capacity of an institution of higher education would decrease if an urgently needed

“BASIC CRITERIA FOR DETERMINING PRIORITIES AND FEDERAL SHARE

“(2) Such basic criteria shall, at least—

“(A) be such as will best tend to achieve the objectives of this part, while leaving opportunity and flexibility to State Commissions for the development of State plan standards and methods that will best accommodate the varied needs of institutions in the several States;

“(B) give special consideration to the expansion of undergraduate enrollment capacity; and

“(C) give consideration to the expansion of capacity to provide needed health care to students and institutional personnel.

“(3) Subject to paragraph (2), such regulations may establish additional and appropriate basic criteria, including—

“(A) provision for considering the degree to which applicant institutions are effectively utilizing existing facilities;

“(B) provision for allowing State plans to group, or to allow grouping, in a reasonable manner, facilities or institutions according to functional or educational type for priority purposes; and

“(C) in view of the national objectives of this title, provision for considering the degree to which applicant institutions serve students from two or more States or from outside the United States.

“(4) In no event shall such basic criteria permit the readiness of an institution to admit out-of-State students to be considered as a priority adverse to such institution.

“(b) (1) The Commissioner shall prescribe, by regulation, the basic criteria for determining the Federal share of the development cost of any eligible project under this part within a State, to which criteria the applicable standards and methods set forth in the State plan for such State shall conform.

Limitation.

“(2) In no case shall such basic criteria permit the Federal share to exceed 50 per centum of the development cost of a project.

80 Stat. 383.

“(c) Section 553 of title 5, United States Code, shall apply to the prescription of regulations under this section, notwithstanding clause (2) of subsection (a) thereof.

“(F) the construction to be carried out under the application will be undertaken in a timely and economic manner and will not be of elaborate or extravagant design or materials;

“(G) in the case of a student health care facility, no assistance will be provided for such facility under title IV of the Housing Act of 1950; and

“(H) the application contains assurances or is supported by satisfactory assurances—

“(i) that title to the site is in accordance with regulations of the Commissioner relating thereto,

“(ii) that Federal funds received by the applicant will be solely used for defraying the development cost of the project covered by the application,

“(iii) that sufficient funds will be available to meet the non-Federal portion of such cost and to provide for the effective use of the academic facility upon completion, and

“(iv) that the facility will be used as an academic facility for at least the period of the Federal interest therein, as provided in section 781.

“(b) Amendments to applications submitted under this section shall, except as the Commissioner may otherwise provide by regulations, be subject to approval in the same manner as original applications.

“(c) (1) Upon his approval of any application under this section, the Commissioner shall reserve from the applicable allotment available therefor, the amount of such grant, which shall be equal to the Federal share of the development cost of the project covered by the application. The Commissioner shall pay such reserved amount, in advance or by way of reimbursement, and in such installments consistent with construction progress, as he may determine.

“(2) Upon approval of an amendment of an application, or revision of the estimated development cost of a project, for which there has been a reservation made under paragraph (1), the Commissioner may adjust the amount so reserved, accordingly. If an adjustment under the first sentence of this paragraph results in a greater amount being reserved, he may reserve the Federal share of the added cost only from the applicable allotment available at the time of such approval.

“(d) Not more than 12½ per centum of the funds provided for in this section for grants may be used within any one State.

“(e) No annual interest grant pursuant to this section shall be made unless the Commissioner finds (1) that not less than 10 per centum of the development costs of the facility will be financed from non-Federal sources, (2) that the applicant is unable to secure a loan in the amount of the loan with respect to which the annual interest grant is to be made, from other sources upon terms and conditions equally as favorable as the terms and conditions applicable to loans under this title, and (3) that the construction will be undertaken in an economical manner and that it will not be of elaborate or extravagant design or materials. For purposes of this section, a loan with respect to which an interest grant is made under this section shall not be considered financing from a non-Federal source. “(2) No loan insurance under paragraph (1) may apply to so much of the principal amount of any loan as exceeds 90 per centum of the development cost of the academic facility with respect to which such loan was made.

“(b) (1) The United States shall be entitled to recover from any institution or agency to which loan insurance has been issued under this section the amount of any payment made pursuant to that insurance, unless the Commissioner for good cause waives its right of recovery. Upon making any such payment, the United States shall be subrogated to all of the rights of the recipient of the payment with respect to which the payment was made.

“(2) Any insurance issued by the Commissioner pursuant to subsection (a) shall be incontestable in the hands of the institution or agency on whose behalf such insurance is issued, and as to any agency, organization, or individual who makes or contracts to make a loan to such institution or agency in reliance thereon, except for fraud or misrepresentation on the part of such institution or agency or on the part of the agency, organization, or individual who makes or contracts to make such loan.

“(c) Insurance may be issued by the Commissioner under subsection (a) only if he determines that the terms, conditions, maturity, security (if any), and schedule and amounts of repayments with respect to the loan are sufficient to protect the financial interests of the United States and are otherwise reasonable and in accord with regulations,

including a determination that the rate of interest does not exceed such per centum per annum on the principal obligation outstanding as the Commissioner determines to be reasonable, taking into account the range of interest rates prevailing in the private market for similar loans and the risks assumed by the United States. The Commissioner may charge a premium for such insurance in an amount reasonably determined by him to be necessary to cover administrative expenses and probable losses under subsections (a) and (b). Such insurance shall be subject to such further terms and conditions as the Commissioner determines to be necessary.

“(2) The maximum amount of a grant under this section shall not exceed the cost of construction incident to the restoration or replacement of the facilities determined to be damaged or destroyed under clause (1) of subsection (a) less the amount of additional assistance determined under clause (3) of subsection (a) to be available.

“(c) (1) Assistance under this section may include a grant of an amount necessary to enable the institution to lease, or otherwise obtain the use of, such facilities as are needed to replace, temporarily, facilities which have been made unavailable as a result of a major disaster.

“(2) An institution shall be eligible for assistance under this subsection if it qualifies for assistance under subsection (a), whether or not it receives assistance under subsection (b).

No payment may be made to a public institution of higher education for academic facilities under section 762 or for assistance under section 763 unless an application therefor is submitted through the appropriate State Commission and is filed with the Commissioner in accordance with regulations prescribed by him. In determining the order in which such applications shall be approved, the Commissioner shall consider the relative educational and financial needs of the institutions which have submitted approvable applications. No payment may be made under section 762(b) unless the Commissioner finds after consultation with the State Commission, that the project or projects with respect to which it is made are not inconsistent with overall State plans, submitted under section 704(a), for the construction of academic facilities. All determinations made by the Commissioner under this part shall be made only after consultation with the appropriate State Commission.

#### “DEFINITIONS

#### “PART E—GENERAL

#### “RECOVERY OF PAYMENTS

“SEC. 781. (a) The Congress hereby finds and declares that, if a facility constructed with the aid of a grant or grants under part A or B of this title is used as an academic facility for twenty years following completion of such construction, the public benefit accruing to the United States from such use will equal in value the amount of such grant or grants. The period of twenty years after completion of such construction shall therefore be deemed to be the period of Federal interest in such facility for the purposes of this title.

“(b) If, within twenty years after completion of construction of an academic facility which has been constructed in part with a grant or grants under part A or B of this title—

“(1) the applicant (or its successor in title or possession) ceases or fails to be a public or nonprofit institution, or

“(2) the facility ceases to be used as an academic facility, or the facility is used as a facility excluded from the term ‘academic facility’, unless the Secretary determines that there is good cause for releasing the institution from its obligation,

the United States shall be entitled to recover from such applicant (or successor) an amount which bears to the then value of the facility (or so much thereof as constituted an approved project or projects) the same ratio as the amount of such Federal grant or grants bore to the development cost of the facility financed with the aid of such grant or grants. Such value shall be determined by agreement of the parties or by action brought in the United States district court for the district in which such facility is situated.

“(c) Notwithstanding the provisions of subsections (a) and (b), no facility constructed with assistance under this title shall ever be used for religious worship or a sectarian activity or for a school or department of divinity.

“(2) A State administrative agency which is dissatisfied with a final action of the Commissioner under this section or under section 1055 (with respect to approval of State administration) may appeal to the United States court of appeals for the circuit in which the State is located, by filing a petition with such court within sixty days after such final action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Commissioner, or any officer designated by him for that purpose. The Commissioner thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code. Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Commissioner or to set it aside, in whole or in part, temporarily or permanently but until the filing of the record the Commissioner may modify or set aside his action. The findings of the Commissioner as to the facts, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Commissioner to take further evidence, and the Commissioner may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence. Post, p. 324.

“(b) From the sums reserved to the Commissioner under section 1051, he shall by grant or contract provide assistance—

“(2) as an incentive or supplemental grant to any State administrative agency which makes a proposal for advancing the purposes of this part which he feels holds special promise for meeting occupational education needs of particular groups or classes of persons who are disadvantaged or who have special needs, when such proposal could not reasonably be expected to be carried out under the regular State program; and

“(3) for particular programs or projects eligible for support under this part which he believes have a special potential for helping to find solutions to problems on a regional or national basis.

#### “NATIONAL INSTITUTE OF EDUCATION

“SEC. 405. (a) (1) The Congress hereby declares it to be the policy of the United States to provide to every person an equal opportunity to receive an education of high quality regardless of his race, color, religion, sex, national origin, or social class. Although the American educational system has pursued this objective, it has not yet attained that objective. Inequalities of opportunity to receive high quality education remain pronounced. To achieve quality will require far more dependable knowledge about the processes of learning and education than now exists or can be expected from present research and experimentation in this field. While the direction of the education system remains primarily the responsibility of State and local governments, the Federal Government has a clear responsibility to provide leadership in the conduct and support of scientific inquiry into the educational process.

“(2) The Congress further declares it to be the policy of the United States to—

“(i) help to solve or to alleviate the problems of, and promote the reform and renewal of American education;

“(ii) advance the practice of education, as an art, science, and profession;

“(iii) strengthen the scientific and technological foundations of education; and

“(iv) build an effective educational research and development system.

“(b) (1) In order to carry out the policy set forth in subsection (a), there is established the National Institute of Education (hereinafter referred to as the ‘Institute’) which shall consist of a National Council on Educational Research (referred to in this section as the ‘Council’) and a Director of the Institute (hereinafter referred to as the ‘Director’). The Institute shall have only such authority as may be vested therein by this section.

Establishment.

“(2) The Institute shall, in accordance with the provisions of this section, seek to improve education, including career education, in the United States through—

“(A) helping to solve or to alleviate the problems of, and achieve the objectives of American education;

“(B) advancing the practice of education, as an art, science, and profession;

“(C) the strengthening of the scientific and technological foundations of education; and

“(D) building an effective educational research and development system.

“(c) (1) The Council shall consist of fifteen members appointed by the President, by and with the advice and consent of the Senate, the Director, and such other ex officio members who are officers of the United States as the President may designate. Eight members of the Council (excluding ex officio members) shall constitute a quorum. The Chairman of the Council shall be designated from among its appointed members by the President. Ex officio members shall not have a vote on the Council.

Members.

“(2) The term of office of the members of the Council (other than ex officio members) shall be three years, except that (A) the members first taking office shall serve as designated by the President, five for terms of three years, five for terms of two years, and five for terms of one year, and (B) any member appointed to fill a vacancy shall serve for the remainder of the term for which his predecessor was appointed. Any appointed member who has been a member of the Council for six consecutive years shall thereafter be ineligible for appointment to the Council during the two-year period following the expiration of such sixth year.

“(3) The Council shall—

“(A) establish general policies for, and review the conduct of, the Institute;

“(B) advise the Assistant Secretary and the Director of the Institute on development of programs to be carried out by the Institute;

“(C) present to the Assistant Secretary and the Director such recommendations as it may deem appropriate for the strengthening of educational research, the improvement of methods of collecting and disseminating the findings of educational research and of insuring the implementation of educational renewal and reform based upon the findings of educational research;

“(D) conduct such studies as may be necessary to fulfill its functions under this section;

“(E) prepare an annual report to the Assistant Secretary on the current status and needs of educational research in the United States;

Report to President and Congress.

“(F) submit an annual report to the President on the activities of the Institute, and on education and educational research in general, (i) which shall include such recommendations and comments as the Council may deem appropriate, and (ii) shall be submitted to the Congress not later than March 31 of each year; and

“(G) meet at the call of the Chairman, except that it shall meet (i) at least four times during each fiscal year, or (ii) whenever one-third of the members request in writing that a meeting be held.

The Director shall make available to the Council such information and assistance as may be necessary to enable the Council to carry out its functions.

Director.

“(d) (1) The Director of the Institute shall be appointed by the President, by and with the advice and consent of the Senate, and shall serve at the pleasure of the President. The Director shall be compensated at the rate provided for level V of the Executive Schedule under section 5316 of title 5, United States Code, and shall perform such duties and exercise such powers and authorities as the Council, subject to the general supervision of the Assistant Secretary, may prescribe. The Director shall be responsible to the Assistant Secretary and shall report to the Secretary through the Assistant Secretary and not to or through any other officer of the Department of Health, Education, and Welfare. The Director shall not delegate any of his functions to any other officer who is not directly responsible to him.

As used in this subsection, the term ‘educational research’ includes research (basic and applied), planning, surveys, evaluations, investigations, experiments, developments, and demonstrations in the field of education (including career education).

“(2) Not less than 90 per centum of the funds appropriated pursuant to subsection (h) for any fiscal year shall be expended to carry out this section through grants or contracts with qualified public or private agencies and individuals.

## APPORTIONMENT AMONG STATES

SEC. 705. (a)(1) From the sums appropriated pursuant to section 704(a) which are not reserved under section 704(b) for any fiscal year, the Assistant Secretary shall apportion to each State for grants and contracts within that State \$75,000 plus an amount which bears the same ratio to such sums as to the number of minority group children aged 5-17, inclusive, in that State bears to the number of such children in all States except that the amount apportioned to any State shall not be less than \$100,000. The number of such children in each State and in all of the States shall be determined by the Assistant Secretary on the basis of the most recent available data satisfactory to him.

(2) The Assistant Secretary shall, in accordance with criteria established by regulation, reserve not in excess of 15 per centum of the sums appropriated pursuant to subsection 704(a) for grants to, and contracts with, local educational agencies in each State pursuant to section 706(b) to be apportioned to each State in accordance with paragraph (1) of this subsection.

(3) Notwithstanding the provisions of paragraph (1) of this subsection, no portion of any apportionment to a State for a fiscal year shall be available for reapportionment pursuant to this subsection unless the Assistant Secretary determines that the applications for assistance under this title which have been filed by eligible applicants in that State for which a portion of such apportionment has not been reserved (but which would necessitate use of that portion) are applications which do not meet the requirements of this title, as set forth in sections 706, 707, and 710, or which set forth programs or projects of such insufficient promise for achieving the purpose of this title stated in section 702(b) that their approval is not warranted.

(D) which, without having been required to do so, has adopted and is implementing, or will, if assistance is made available to it under this title, adopt and implement a plan to enroll and educate in the schools of such agency children who would not otherwise be eligible for enrollment because of nonresidence in the school district of such agency, where such enrollment would make a significant contribution toward reducing minority group

isolation in one or more of the school districts to which such plan relates.

(B) had in effect any practice, policy, or procedure which results in the disproportionate demotion or dismissal of instructional or other personnel from minority groups in conjunction with desegregation or the implementation of any plan or the conduct of any activity described in this section, or otherwise engaged in discrimination based upon race, color, or national origin in the hiring, promotion, or assignment of employees of the agency (or other personnel for whom the agency has any administrative responsibility);

(C) in conjunction with desegregation or the conduct of an activity described in this section, had in effect any procedure for the assignment of children to or within classes which results in the separation of minority group from nonminority group children for a substantial portion of the school day, except that this clause does not prohibit the use of bona fide ability grouping by a local educational agency as a standard pedagogical practice; or

(D) had in effect any other practice, policy, or procedure, such as limiting curricular or extracurricular activities (or participation therein by children) in order to avoid the participation of minority group children in such activities, which discriminates among children on the basis of race, color, or national origin;

Ineligibility,  
waiver.

except that, in the case of any local educational agency which is ineligible for assistance by reason of clause (A), (B), (C), or (D), such agency may make application for a waiver of ineligibility, which application shall specify the reason for its ineligibility, contain such information and assurances as the Secretary shall require by regulation in order to insure that any practice, policy, or procedure, or other activity resulting in the ineligibility has ceased to exist or occur and include such provisions as are necessary to insure that such activities do not reoccur after the submission of the application.

“(c) The avoidable escape into the open air or the wasteful burning of gas from a natural gas well.

## “ARTICLE VII

“No state by joining herein shall become financially obligated to any other state, nor shall the breach of the terms hereof by any state subject such state to financial responsibility to the other states joining herein.

## “ARTICLE VIII

“This compact shall continue in effect until Congress withdraws its consent. But any state joining herein may, upon sixty (60) days' notice, withdraw herefrom.

“The representatives of the signatory states have signed this agreement in a single original which shall be deposited in the archives of the Department of State of the United States, and a duly certified copy shall be forwarded to the governor of each of the signatory states.

“This compact shall become effective when ratified and approved as provided in Article I. Any oil-producing state may become a party thereto by affixing its signature to a counterpart to be similarly deposited, certified, and ratified.

“Done in the City of Dallas, Texas, this sixteenth day of February, 1935.”

Failure of a transferee to assume by contract all of the liabilities of the original veteran-borrower shall bar such release of liability only in cases in which no acceptable transferee, either immediate or remote, is legally liable to the Administrator for the indebtedness of the original veteran-borrower arising from termination of the loan. The failure of a veteran to qualify for release from liability under this subsection does not preclude relief from being granted under subsection 3102(b) of this title, if eligible thereunder.”

In any such case in which he determines that the forfeiture would not have been imposed under the provisions of this section in effect after September 1, 1959, he shall remit the forfeiture, effective the date of enactment of this amendatory Act. Benefits to which the individual concerned becomes eligible by virtue of any such remission may be awarded, upon application therefor, and the effective date of any award of compensation, dependency and indemnity compensation, or pension made in such a case shall be fixed in accordance with the provisions of section 3010(g) of this title.”

#### AUTOMATIC ADJUSTMENTS IN BENEFITS AND IN THE CONTRIBUTION AND BENEFIT BASE

##### Adjustments in Benefits

74 Stat. 35.  
42 USC 415.

SEC. 202. (a) (1) Section 215 of the Social Security Act is amended by adding at the end thereof the following new subsection:

##### “Cost-of-Living Increases in Benefits

“Base quarter.”

“(i) (1) For purposes of this subsection—

“(A) the term ‘base quarter’ means (i) the calendar quarter ending on June 30 in each year after 1972, or (ii) any other calendar quarter in which occurs the effective month of a general benefit increase under this title;

“Cost-of-living computation quarter.”

“(B) the term ‘cost-of-living computation quarter’ means a base quarter, as defined in subparagraph (A) (i), in which the Consumer Price Index prepared by the Department of Labor

exceeds, by not less than 3 per centum, such Index in the later of (i) the last prior cost-of-living computation quarter which was established under this subparagraph, or (ii) the most recent calendar quarter in which occurred the effective month of a general benefit increase under this title; except that there shall be no cost-of-living computation quarter in any calendar year in which a law has been enacted providing a general benefit increase under this title or in which such a benefit increase becomes effective; and

“(C) the Consumer Price Index for a base quarter, a cost-of-living computation quarter, or any other calendar quarter shall be the arithmetical mean of such index for the 3 months in such quarter.

“(2) (A) (i) The Secretary shall determine each year beginning with 1974 (subject to the limitation in paragraph (1) (B) and to subparagraph (E) of this paragraph) whether the base quarter (as defined in paragraph (1) (A) (i)) in such year is a cost-of-living computation quarter.

“(ii) If the Secretary determines that such base quarter is a cost-of-living computation quarter, he shall, effective with the month of January of the next calendar year (subject to subparagraph (E)) as provided in subparagraph (B), increase the benefit amount of each individual who for such month is entitled to benefits under section 227 or 228, and the primary insurance amount of each other individual under this title, by an amount derived by multiplying each such amount (including each such individual’s primary insurance amount or benefit amount under section 227 or 228 as previously increased under this subparagraph) by the same percentage (rounded to the nearest one-tenth of 1 percent) as the percentage by which the Consumer Price Index for such cost-of-living computation quarter exceeds such index for the most recent prior calendar quarter which was a base quarter under paragraph (1) (A) (ii) or, if later, the most recent cost-of-living computation quarter under paragraph (1) (B). Any such increased amount which is not a multiple of \$0.10 shall be increased to the next higher multiple of \$0.10.

“(B) The increase provided by subparagraph (A) with respect to a particular cost-of-living computation quarter shall apply (subject to subparagraph (E)) in the case of monthly benefits under this title for months after December of the calendar year in which occurred such cost-of-living computation quarter, and in the case of lump-sum death payments with respect to deaths occurring after December of such calendar year.

“(C) (i) Whenever the level of the Consumer Price Index as published for any month exceeds by 2.5 percent or more the level of such index for the most recent base quarter (as defined in paragraph (1) (A) (ii)) or, if later, the most recent cost-of-living computation quarter, the Secretary shall (within 5 days after such publication) report the amount of such excess to the House Committee on Ways and Means and the Senate Committee on Finance.

“(ii) Whenever the Secretary determines that a base quarter in a calendar year is also a cost-of-living computation quarter, he shall notify the House Committee on Ways and Means and the Senate Committee on Finance of such determination on or before August 15 of such calendar year, indicating the amount of the benefit increase to be provided, his estimate of the extent to which the cost of such increase would be met by an increase in the contribution and benefit

base under section 230 and the estimated amount of the increase in such base, the actuarial estimates of the effect of such increase, and the actuarial assumptions and methodology used in preparing such estimates.

“(D) If the Secretary determines that a base quarter in a calendar year is also a cost-of-living computation quarter, he shall publish in the Federal Register on or before November 1 of such calendar year a determination that a benefit increase is resultantly required and the percentage thereof. He shall also publish in the Federal Register at that time (along with the increased benefit amounts which shall be deemed to be the amounts appearing in sections 227 and 228) a revision of the table of benefits contained in subsection (a) of this section (as it may have been most recently revised by another law or pursuant to this paragraph); and such revised table shall be deemed to be the table appearing in such subsection (a). Such revision shall be determined as follows:

“(i) The headings of the table shall be the same as the headings in the table immediately prior to its revision, except that the parenthetical phrase at the beginning of column II shall reflect the year in which the primary insurance amounts set forth in column IV of the table immediately prior to its revision were effective.

“(ii) The amounts on each line of column I and column III, except as otherwise provided by clause (v) of this subparagraph, shall be the same as the amounts appearing in each such column in the table immediately prior to its revision.

“(iii) The amount on each line of column II shall be changed to the amount shown on the corresponding line of column IV of the table immediately prior to its revision.

“(iv) The amounts on each line of column IV and column V shall be increased from the amounts shown in the table immediately prior to its revision by increasing each such amount by the percentage specified in subparagraph (A) (ii) of this paragraph. The amount on each line of column V shall be increased, if necessary, so that such amount is at least equal to one and one-half times the amount shown on the corresponding line in column IV. Any such increased amount which is not a multiple of \$0.10 shall be increased to the next higher multiple of \$0.10.

“(v) If the contribution and benefit base (determined under section 230) for the calendar year in which the table of benefits is revised is lower than such base for the following calendar year, columns III, IV, and V of such table shall be extended. The amounts on each additional line of column III shall be the amounts on the preceding line increased by \$5 until in the last such line of column III the second figure is equal to one-twelfth of the new contribution and benefit base for the calendar year following the calendar year in which such table of benefits is revised. The amount on each additional line of column IV shall be the amount on the preceding line increased by \$1.00, until the amount on the last line of such column is equal to the last line of such column as determined under clause (iv) plus 20 percent of one-twelfth of the excess of the new contribution and benefit base for the calendar year following the calendar year in which such table of benefits is revised (as determined under section 230) over such base for the calendar year in which the table of benefits is revised. The amount in each additional line of column V shall be equal to 1.75 times the amount on the same line of column IV. Any

such increased amount which is not a multiple of \$0.10 shall be increased to the next higher multiple of \$0.10.

“(E) Notwithstanding a determination by the Secretary under subparagraph (A) that a base quarter in any calendar year is a cost-of-living computation quarter (and notwithstanding any notification or publication thereof under subparagraph (C) or (D)), no increase in benefits shall take effect pursuant thereto, and such quarter shall be deemed not to be a cost-of-living computation quarter, if during the calendar year in which such determination is made a law providing a general benefit increase under this title is enacted or becomes effective.

“(3) As used in this subsection, the term ‘general benefit increase under this title’ means an increase (other than an increase under this subsection) in all primary insurance amounts on which monthly insurance benefits under this title are based.”

“General benefit increase under this title.”

(2)(A) Effective January 1, 1974, section 203(a) of such Act is amended by striking out “the table in section 215(a)” in the matter preceding paragraph (1) and inserting in lieu thereof “the table in or deemed to be in section 215(a)”.

*Ante*, p. 410.

“(2) when two or more persons were entitled (without the application of section 202(j)(1) and section 223(b)) to monthly benefits under section 202 or 223 for January 1971 or any prior month on the basis of the wages and self-employment income of such insured individual and the provisions of this subsection as in effect for any such month were applicable in determining the benefit amount of any persons on the basis of such wages and self-employment income, the total of benefits for any month after January 1971 shall not be reduced to less than the largest of—

(1) establish, operate, and maintain vessel traffic services and systems for ports, harbors, and other waters subject to congested vessel traffic;

(2) require vessels which operate in an area of a vessel traffic service or system to utilize or comply with that service or system, including the carrying or installation of electronic or other devices necessary for the use of the service or system;

(3) control vessel traffic in areas which he determines to be especially hazardous, or under conditions of reduced visibility, adverse weather, vessel congestion, or other hazardous circumstances by—

"United States."

(b) Nothing contained in this title supplants or modifies any treaty or Federal statute or authority granted thereunder, nor does it prevent a State or political subdivision thereof from prescribing for structures only higher safety equipment requirements or safety standards than those which may be prescribed pursuant to this title.

(c) In the exercise of his authority under this title, the Secretary shall consult with other Federal agencies, as appropriate, in order to give due consideration to their statutory and other responsibilities, and to assure consistency of regulations applicable to vessels, structures, and areas covered by this title. Any other authority granted the Secretary under this title shall be delegated to the Saint Lawrence Seaway Development Corporation to the extent that the Secretary determines such delegation is necessary for the proper operation of the Seaway.

(e) In carrying out his duties and responsibilities under this title to promote the safe and efficient conduct of maritime commerce the Secretary shall consider fully the wide variety of interests which may be affected by the exercise of his authority hereunder. In determining the need for, and the substance of, any rule or regulation or the exercise of other authority hereunder the Secretary shall, among other things, consider—

In any investigation under this title, the Secretary may issue a subpoena to require the attendance of any witness and the production of documents and other evidence. In case of refusal to obey a subpoena issued to any person, the Secretary may request the Attorney General to invoke the aid of the appropriate district court of the United States to compel compliance. Witnesses may be paid fees for travel and attendance at rates not exceeding those allowed in a district court of the United States.

## TITLE II—VESSELS CARRYING CERTAIN CARGOES IN BULK

SEC. 201. Section 4417a of the Revised Statutes of the United States (46 U.S.C. 391a) is hereby amended to read as follows:

“SEC. 4417a. (1) STATEMENT OF POLICY.—The Congress hereby finds and declares—

“That the carriage by vessels of certain cargoes in bulk creates substantial hazards to life, property, the navigable waters of the United States (including the quality thereof) and the resources contained therein and of the adjoining land, including but not limited to fish, shellfish, and wildlife, marine and coastal ecosystems and recreational and scenic values, which waters and resources are hereafter in this section referred to as the ‘marine environment’.

“That existing standards for the design, construction, alteration, repair, maintenance and operation of such vessels must be improved for the adequate protection of the marine environment.

“That it is necessary that there be established for all such vessels documented under the laws of the United States or entering the navigable waters of the United States comprehensive minimum standards of design, construction, alteration, repair, maintenance, and operation to prevent or mitigate the hazards to life, property, and the marine environment.

“(2) VESSELS INCLUDED.—All vessels, regardless of tonnage size, or manner of propulsion, and whether self-propelled or not, and whether carrying freight or passengers for hire or not, which are documented under the laws of the United States or enter the navigable waters of the United States, except public vessels other than those engaged in

commercial service, that shall have on board liquid cargo in bulk which is—

“(A) inflammable or combustible, or

“(B) oil, of any kind or in any form, including but not limited to, petroleum, fuel oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil, or

“(C) designated as a hazardous polluting substance under section 12(a) of the Federal Water Pollution Control Act (33 U.S.C. 1162);

84 Stat. 98.

46 USC 361  
et seq.

82 Stat. 341.  
46 USC 391a.

shall be considered steam vessels for the purposes of title 52 of the Revised Statutes of the United States and shall be subject to the provisions thereof: *Provided*, That this section shall not apply to vessels having on board the substances set forth in (A), (B), or (C) above only for use as fuel or stores or to vessels carrying such cargo only in drums, barrels, or other packages: *And provided further*, That nothing contained herein shall be deemed to amend or modify the provisions of section 4 of Public Law 90-397 with respect to certain vessels of not more than five hundred gross tons: *And provided further*, That this section shall not apply to vessels of not more than five hundred gross tons documented in the service of oil exploitation which are not tank vessels and which would be subject to this section only because of the transfer of fuel from the vessels' own fuel supply tanks to offshore drilling or production facilities.

“(3) RULES AND REGULATIONS.—In order to secure effective provision (A) for vessel safety, and (B) for protection of the marine environment, the Secretary of the department in which the Coast Guard is operating (hereafter referred to in this section as the ‘Secretary’) shall establish for the vessels to which this section applies such additional rules and regulations as may be necessary with respect to the design and construction, alteration, repair, and maintenance of such vessels, including, but not limited to, the superstructures, hulls, places for stowing and carrying such cargo, fittings, equipment, appliances, propulsive machinery, auxiliary machinery, and boilers thereof; and with respect to all materials used in such construction, alteration, or repair; and with respect to the handling and stowage of such cargo, the manner of such handling or stowage, and the machinery and appliances used in such handling and stowage; and with respect to equipment and appliances for life saving, fire protection, and the prevention and mitigation of damage to the marine environment; and with respect to the operation of such vessels; and with respect to the requirements of the manning of such vessels and the duties and qualifications of the officers and crew thereof; and with respect to the inspection of all the foregoing. In establishing such rules and regulations the Secretary may, after hearing as provided in subsection (4), adopt rules of the American Bureau of Shipping or similar American classification society for classed vessels insofar as such rules pertain to the efficiency of hulls and the reliability of machinery of vessels to which this section applies. In establishing such rules and regulations, the Secretary shall give due consideration to the kinds and grades of such cargo permitted to be on board such vessel. In establishing such rules and regulations the Secretary shall, after consultation with the Secretary of Commerce and the Administrator of the Environmental Protection Agency, identify those established for protection of the marine environment and those established for vessel safety.

“(4) ADOPTION OF RULES AND REGULATIONS.—Before any rules or regulations, or any alteration, amendment, or repeal thereof, are approved by the Secretary under the provisions of this section, except

in an emergency, the Secretary shall (A) consult with other appropriate Federal departments and agencies, and particularly with the Administrator of the Environmental Protection Agency and the Secretary of Commerce, with regard to all rules and regulations for the protection of the marine environment, (B) publish proposed rules and regulations, and (C) permit interested persons an opportunity for hearing. In prescribing rules or regulations, the Secretary shall consider, among other things, (i) the need for such rules or regulations, (ii) the extent to which such rules or regulations will contribute to safety or protection of the marine environment, and (iii) the practicability of compliance therewith, including cost and technical feasibility.

Regulations,  
publication; hear-  
ing opportunity.

“(5) RULES AND REGULATIONS FOR SAFETY; INSPECTION; PERMITS; FOREIGN VESSELS.—No vessel subject to the provisions of this section shall, after the effective date of the rules and regulations for vessel safety established hereunder, have on board such cargo, until a certificate of inspection has been issued to such vessel in accordance with the provisions of title 52 of the Revised Statutes of the United States and until a permit has been endorsed on such certificate of inspection by the Secretary, indicating that such vessel is in compliance with the provisions of this section and the rules and regulations for vessel safety established hereunder, and showing the kinds and grades of such cargo that such vessel may have on board or transport. Such permit shall not be endorsed by the Secretary on such certificate of inspection until such vessel has been inspected by the Secretary and found to be in compliance with the provisions of this section and the rules and regulations for vessel safety established hereunder. For the purpose of such inspection, approved plans and certificates of class of the American Bureau of Shipping or other recognized classification society for classed vessels may be accepted as evidence of the structural efficiency of the hull and the reliability of the machinery of such classed vessels except as far as existing law places definite responsibility on the Coast Guard. A certificate issued under the provisions of this section shall be valid for a period of time not to exceed the duration of the certificate of inspection on which such permit is endorsed, and shall be subject to revocation by the Secretary whenever he shall find that the vessel concerned does not comply with the conditions upon which such permit was issued: *Provided*, That rules and regulations for vessel safety established hereunder and the provisions of this subsection shall not apply to vessels of a foreign nation having on board a valid certificate of inspection recognized under law or treaty by the United States: *And provided further*, That no permit shall be issued under the provisions of this section authorizing the presence on board any vessel of any of the materials expressly prohibited from being thereon by subsection (3) of section 4472 of this title.

46 USC 361 et  
seq.

“(6) RULES AND REGULATIONS FOR PROTECTION OF THE MARINE ENVIRONMENT; INSPECTION; CERTIFICATION.—No vessel subject to the provisions of this section shall, after the effective date of rules and regulations for protection of the marine environment, have on board such cargo, until a certificate of compliance, or an endorsement on the certificate of inspection for domestic vessels, has been issued by the Secretary indicating that such vessel is in compliance with such rules and regulations. Such certificate of compliance or endorsement shall not be issued by the Secretary until such vessel has been inspected by the Secretary and found to be in compliance with the rules and regulations for protection of the marine environment established hereunder. A certificate of compliance or an endorsement issued under this subsection shall be valid for a period specified therein by the Secretary and shall be subject to revocation whenever the Secretary finds that the vessel concerned does not comply with the conditions upon which such certificate or endorsement was issued.

46 USC 170.

Publication.

“(7) RULES AND REGULATIONS FOR PROTECTION OF THE MARINE ENVIRONMENT RELATING TO VESSEL DESIGN AND CONSTRUCTION, ALTERATION, AND REPAIR; INTERNATIONAL AGREEMENT.—(A) The Secretary shall begin publication as soon as practicable of proposed rules and regulations setting forth minimum standards of design, construction, alteration, and repair of the vessels to which this section applies for the purpose of protecting the marine environment. Such rules and regulations shall, to the extent possible, include but not be limited to standards to improve vessel maneuvering and stopping ability and otherwise reduce the possibility of collision, grounding, or other accident, to reduce cargo loss following collision, grounding, or other accident, and to reduce damage to the marine environment by normal vessel operations such as ballasting and deballasting, cargo handling, and other activities.

“(B) The Secretary shall cause proposed rules and regulations published by him pursuant to subsection (7)(A) to be transmitted to appropriate international forums for consideration as international standards.

Effective date.

“(C) Rules and regulations published pursuant to subsection (7)(A) shall be effective not earlier than January 1, 1974, unless the Secretary shall earlier establish rules and regulations consonant with international treaty, convention, or agreement, which generally address the regulation of similar topics for the protection of the marine environment. In the absence of the promulgation of such rules and regulations consonant with international treaty, convention, or agreement, the Secretary shall establish an effective date not later than January 1, 1976, for rules and regulations previously published pursuant to this subsection (7) which he then deems appropriate.

“(D) Any rule or regulation for protection of the marine environment promulgated pursuant to this subsection (7) shall be equally applicable to foreign vessels and United States-flag vessels operating in the foreign trade. If a treaty, convention, or agreement provides for reciprocity of recognition of certificates or other documents to be issued to vessels by countries party thereto, which evidence compliance with rules and regulations issued pursuant to such treaty, convention, or agreement, the Secretary, in his discretion, may accept such certificates or documents as evidence of compliance with such rules and regulations in lieu of the certificate of compliance otherwise required by subsection (6) of this section.

“(8) SHIPPING DOCUMENTS.—Vessels subject to the provisions of this section shall have on board such shipping documents as may be prescribed by the Secretary indicating the kinds, grades, and approximate quantities of such cargo on board such vessel, the shippers and consignees thereof, and the location of the shipping and destination points.

“(9) OFFICERS; TANKERMEN; CERTIFICATION.—(A) In all cases where the certificate of inspection does not require at least two licensed officers, the Secretary shall enter in the permit issued to any vessel under the provisions of this section the number of the crew required to be certified as tankermen.

“(B) The Secretary shall issue to applicants certificates as tankermen, stating the kinds of cargo the holder of such certificate is, in the

judgment of the Secretary, qualified to handle aboard vessels with safety, upon satisfactory proof and examination, in form and manner prescribed by the Secretary, that the applicant is in good physical condition, that such applicant is trained in and capable efficiently to perform the necessary operations aboard vessels having such cargo on board, and that the applicant fulfills the qualifications of tankerman as prescribed by the Secretary under the provisions of this section. Such certificates shall be subject to suspension or revocation on the same grounds and in the same manner and with like procedure as is provided in the case of suspension or revocation of licenses of officers under the provisions of section 4450 of this title.

46 USC 239.

“(10) **EFFECTIVE DATE OF RULES AND REGULATIONS.**—Except as otherwise provided herein, the rules and regulations to be established pursuant to this section shall become effective ninety days after their promulgation unless the Secretary shall for good cause fix a different time. If the Secretary shall fix an effective date later than ninety days after such promulgation, his determination to fix such a later date shall be accompanied by an explanation of such determination which he shall publish and transmit to the Congress.

“(11) **PENALTIES.**—(A) The owner, master, or person in charge of any vessel subject to the provisions of this section, or any or all of them, who shall violate the provisions of this section, or the rules and regulations established hereunder, shall be liable to a civil penalty of not more than \$10,000.

“(B) The owner, master, or person in charge of any vessel subject to the provisions of this section, or any or all of them, who shall knowingly and willfully violate the provisions of this section or the rules and regulations established hereunder, shall be subject to a fine of not less than \$5,000 or more than \$50,000, or imprisonment for not more than five years, or both.

“(C) Any vessel subject to the provisions of this section, which shall be in violation of this section or the rules and regulations established hereunder, shall be liable in rem and may be proceeded against in the United States district court for any district in which the vessel may be found.

“(12) **INJUNCTIVE PROCEEDINGS.**—The United States district courts shall have jurisdiction for cause shown to restrain violations of this section or the rules and regulations promulgated hereunder.

“(13) **DENIAL OF ENTRY.**—The Secretary may, subject to recognized principles of international law, deny entry into the navigable waters of the United States to any vessel not in compliance with the provisions of this section or the regulations promulgated thereunder.”

**SEC. 202.** Regulations previously issued under statutory provisions repealed, modified, or amended by this title shall continue in effect as though promulgated under the authority of section 4417a of the Revised Statutes of the United States (46 U.S.C. 391a), as amended by this title, until expressly abrogated, modified, or amended by the Secretary of the Department in which the Coast Guard is operating under the regulatory authority of such section 4417a as so amended. Any proceeding under such section 4417a for a violation which occurred before the effective date of this title may be initiated or continued to conclusion as though such section 4417a had not been amended hereby.

Savings provision.

Report to Congress.

SEC. 203. The Secretary of the Department in which the Coast Guard is operating shall, for a period of ten years following the enactment of this title, make a report to the Congress at the beginning of each regular session, regarding his activities under this title. Such report shall include but not be limited to (A) a description of the rules and regulations prescribed by the Secretary (i) to improve vessel maneuvering and stopping ability and otherwise reduce the risks of collisions, groundings, and other accidents, (ii) to reduce cargo loss in the event of collisions, groundings, and other accidents, and (iii) to reduce damage to the marine environment from the normal operation of the vessels to which this title applies, (B) the progress made with respect to the adoption of international standards for the design, construction, alteration, and repair of vessels to which this title applies for protection of the marine environment, and (C) to the extent that the Secretary finds standards with respect to the design, construction, alteration, and repair of vessels for the purposes set forth in (A) (i), (ii), or (iii) above not possible, an explanation of the reasons therefor.

National Capital  
Transportation  
Act of 1972.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That this Act may be cited as the "National Capital Capital Transportation Act of 1972".

## TITLE I—FEDERAL GUARANTEES OF WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY OBLIGATIONS

83 Stat. 320.  
D. C. Code 1-1441  
note.

SEC. 101. The National Capital Transportation Act of 1969 is amended by adding at the end thereof the following new sections:

### "GUARANTEE OF TRANSIT AUTHORITY OBLIGATIONS

Conditions.

"SEC. 9. (a) The Secretary of Transportation is authorized to guarantee, and to enter into commitments to guarantee, upon such terms and conditions as he may prescribe, payment of principal of and interest on bonds and other evidences of indebtedness (including short-term notes) issued with the approval of the Secretary of the Treasury by the Transit Authority under the Compact. No such guarantee or commitment to guarantee shall be made unless the Secretary of Transportation determines and certifies that—

"(1) the obligation to be guaranteed represents an acceptable financial risk to the United States and the prospective revenues of the Transit Authority (including payments under section 10) furnish reasonable assurance that timely payments of interest on such obligation will be made;

"(2) the Transit Authority has entered into an agreement with the Secretary of Transportation providing for reasonable and prudent action by the Transit Authority respecting its financial condition if at any time the Secretary, in his discretion, determines that such action would be necessary to protect the interest of the United States;

"(3) unless the obligation is a short-term note (as determined by the Secretary), it will be sold through a process of competitive bidding as prescribed by the Secretary of Transportation; and

"(4) the rate of interest payable with respect to such obligation is reasonable in light of prevailing market yields.

Notwithstanding clause (3) of the preceding sentence, the Secretary of Transportation may guarantee an obligation under this section sold through a process of negotiation if he makes a determination that prevailing market conditions would result in a higher net interest cost or would otherwise increase the cost of issuing the obligation if the obligation was sold through the competitive bidding process. The Secretary's determination shall be in writing and shall contain a detailed explanation of the reasons therefor.

Conclusive  
evidence of eligi-  
bility.

"(b) Any guarantee of obligations made by the Secretary of Transportation under this section shall be conclusive evidence of the eligibility of the obligations for such guarantee, and the validity of any guarantee so made shall be incontestable, except for fraud or material misrepresentation, in the hands of a holder of the guaranteed obligation.

Limitations.

“(c) The aggregate principal amount of obligations which may be guaranteed under this section shall not exceed \$1,200,000,000; except that (1) no obligation may be guaranteed under this section if, taking into account the principal amount of that obligation, the aggregate amount of principal of outstanding obligations guaranteed under this section exceeds \$900,000,000 unless the local participating governments (A) make, in accordance with agreements entered into with the Transit Authority, capital contributions to the Transit Authority for the Adopted Regional System in a total amount not less than 50 per centum of the amount by which the principal of such obligation causes such aggregate amount of principal to exceed \$900,000,000, or (B) have entered into enforceable commitments with the Transit Authority to make such contributions by the end of the fiscal year in which such obligation is issued, and (2) obligations eligible for guarantees under this section which are issued solely for the purpose of refunding existing obligations previously guaranteed under this section may be guaranteed without regard to the \$1,200,000,000 limitation.

“(d) The interest on any obligation of the Transit Authority issued after the date of the enactment of this section shall be included in gross income for the purposes of chapter 1 of the Internal Revenue Code of 1954.

Amounts appropriated under this section shall be available without fiscal year limitation.

“(b) If at any time the moneys available to the Secretary of Transportation are insufficient to enable him to discharge his responsibilities under guarantees issued by him under section 9 or to make payments to the Transit Authority in accordance with section 10, he shall issue to the Secretary of the Treasury notes or other obligations in such forms and denominations, bearing such maturities, and subject to such terms and conditions, as may be prescribed by the Secretary of the Treasury. Redemption of such notes or obligations shall be made by the Secretary of Transportation from appropriations available under subsection (a) of this section. Such notes or other obligations shall bear interest at a rate determined by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of the notes or other obligations. The Secretary of the Treasury shall purchase any notes or other obligations issued hereunder and for that purpose he is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act and the purposes for which securities may be issued under that Act are extended to include any purchase of such notes or obligations. Ante, p. 464.

“SEC. 12. (a) Obligations issued by the Transit Authority which are guaranteed by the Secretary of Transportation under section 9 shall be lawful investments, and may be accepted as security for fiduciary, trust, and public funds, the investment or deposit of which shall be under authority or control of the United States or of any officer or officers thereof, and shall be deemed to be exempt securities within the meaning of laws administered by the Securities and Exchange Commission to the same extent as securities which are issued by the United States.

"(e) Whenever the Authority acquires existing transit facilities from a public or privately owned utility either in proceeding by eminent domain or otherwise, the Authority shall assume and observe all existing labor contracts and pension obligations. When the Authority acquires an existing transportation system, all employees who are necessary for the operation thereof by the Authority shall be transferred to and appointed as employees of the Authority, subject to all the rights and benefits of this title. These employees shall be given seniority credit and sick leave, vacation, insurance and pension credits in accordance with the records or labor agreements from the acquired transportation system. Members and beneficiaries of any pension or retirement system or other benefits established by the acquired transportation system shall continue to have rights, privileges, benefits, obligations and status with respect to such established system. *Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That (a) subsection (b) of section 7 of the Small Business Act (15 U.S.C. 636(b)) is amended by striking out the matter following the numbered paragraphs and inserting in lieu thereof the following:

"No loan under this subsection, including renewals and extensions thereof, may be made for a period or periods exceeding thirty years: *Provided*, That the Administrator may consent to a suspension in the payment of principal and interest charges on, and to an extension in the maturity of, the Federal share of any loan under this subsection for a period not to exceed five years, if (A) the borrower under such loan is a homeowner or a small business concern, (B) the loan was made to enable (i) such homeowner to repair or replace his home, or (ii) such concern to repair or replace plant or equipment which was damaged or destroyed as the result of a disaster meeting the requirements of clause (A) or (B) of paragraph (2) of this subsection, and (C) the Administrator determines such action is necessary to avoid severe financial hardship: *Provided further*, That the provisions of paragraph (1) of subsection (c) of this section shall not be applicable to any such loan having a maturity in excess of twenty years. Notwithstanding the provisions of any other law, and except as otherwise provided in this subsection, the interest rate on the Administration's share of any loan made under this subsection shall not exceed 3 per centum per annum, except that in the case of a loan made pursuant to paragraph (3), (5), (6), or (7), the rate of interest on the Administration's share of such loan shall not be more than the higher of (A) 2¾ per centum per annum; or (B) the average annual interest rate on all interest-bearing obligations of the United States then forming a part of the public debt as computed at the end of the fiscal year next preceding the date of the loan and adjusted to the nearest one-eighth of 1 per centum plus one-quarter of 1 per centum per annum. In agreements to participate in loans on a deferred basis under this subsection, such participation by the Administration shall not be in excess of 90 per centum of the balance of the loan outstanding at the time of disbursement.

"In the administration of the disaster loan program under paragraphs (1), (2), and (4) of this subsection, in the case of property loss or damage or injury resulting from a major disaster as determined by the President or a disaster as determined by the Administrator which occurs on or after January 1, 1971, and prior to July 1, 1973, the Small Business Administration, to the extent such loss or damage or injury is not compensated for by insurance or otherwise—

"(A) may make any loan for repair, rehabilitation, or replacement of property damaged or destroyed without regard to whether the required financial assistance is otherwise available from private sources;

"(B) may, in the case of the total destruction or substantial property damage of a home or business concern, refinance any mortgage or other liens outstanding against the destroyed or damaged property if such property is to be repaired, rehabilitated, or replaced, except that (1) in the case of a business concern, the amount refinanced shall not exceed the amount of the physical

loss sustained, and (2) in the case of a home, the amount of each monthly payment of principal and interest on the loan after refinancing under this clause shall be not less than the amount of each such payment made prior to such refinancing;

“(C) may, in the case of a loan made under clause (A) or a mortgage or other lien refinanced under clause (B) in connection with the destruction of, or substantial damage to, property owned and used as a residence by an individual who by reason of retirement, disability, or other similar circumstances relies for support on survivor, disability, or retirement benefits under a pension, insurance, or other program, consent to the suspension of the payments of the principal of that loan, mortgage, or lien during the lifetime of that individual and his spouse for so long as the Administration determines that making such payments would constitute a substantial hardship;

With respect to any loan referred to in clause (D) which is outstanding on the date of enactment of this paragraph, the Administrator shall—

“(i) make such change in the interest rate on the balance of such loan as is required under that clause effective as of such date of enactment; and

“(ii) in applying the limitation set forth in that clause with respect to the total amount of such loan which may be canceled, consider as part of the amount so canceled any part of such loan which was previously canceled pursuant to section 231 of the Disaster Relief Act of 1970.

“Whoever wrongfully misapplies the proceeds of a loan obtained under this subsection shall be civilly liable to the Administrator in an amount equal to one-and-one-half times the original principal amount of the loan.”

(b) The last paragraph of the amendment made by subsection (a) shall apply only with respect to loans made on or after the date of enactment of this Act.

(c) Any person who (1) suffers any loss or damage as a result of a major disaster as determined by the President which occurred prior to the date of enactment of this Act, (2) is eligible for assistance under the amendment made by subsection (a), and (3) is otherwise eligible for benefits greater than those provided by the amendment made by subsection (a), may elect to receive such greater benefits.

SEC. 3. The President shall conduct a thorough review of existing disaster relief legislation, and not later than January 1, 1973, he shall transmit to the Congress a report containing specific legislative proposals for the comprehensive revision of such legislation in order to—

SEC. 4. (a) The Congress hereby finds and declares that there has been substantial damage to educational institutions as a result of hurricane and tropical storm Agnes; that disaster relief for public educational institutions is adequately covered by legislation heretofore enacted; that nonprofit private educational institutions are not provided disaster relief benefits comparable to those provided to public educational institutions; that nonprofit private educational institutions have a secular educational mission; that students attending nonprofit private educational institutions that have been damaged or destroyed will have to be provided for in public institutions if the former institutions are not restored; and that these facts compel enactment of special measures designed to provide nonprofit private educational institutions which were victims of this catastrophe with disaster relief benefits comparable to those provided for public educational institutions.

(b) To the extent such loss or damage or destruction is not compensated for by insurance or otherwise, the President may make grants to nonprofit private educational institutions in major disaster areas as designated by the President for the repair, restoration, reconstruction, or replacement of educational facilities, supplies, or equipment which have been lost, damaged, or destroyed as a result of hurricane and tropical storm Agnes, if such facilities, supplies, or equipment were owned on the date of such loss, damage, or destruction by an organization exempt from taxation under section 501 (c), (d), or (e) of the Internal Revenue Code of 1954 and the facilities, supplies, or equipment were being used to carry out the purposes for which such organization was accorded that exemption; except that no grant may be

made under this section for the repair, restoration, reconstruction, or replacement of any facility for which disaster relief assistance would not be authorized under Public Law 81-815, title VII of the Higher Education Act of 1965, or the Disaster Relief Act of 1970 if such facility were a public facility.

(c) The amount of a grant made under this section shall not—

(B) repairing, restoring, or replacing equipment or supplies;

as they existed immediately prior to such disaster;

(2) in the case of any facility which was under construction when damaged or destroyed as a result of such disaster, exceed 50 per centum of the cost of restoring such facility substantially to its condition prior to such disaster, and of completing construction not performed prior to such disaster to the extent that the cost of completing construction is increased over the original construction cost due to changed conditions resulting from such disaster;

(3) be used to pay any part of the cost of facilities, supplies, or equipment which are to be used primarily for sectarian purposes; or

(4) be used to restore or rebuild any facility used or to be used primarily for religious worship; replace, restore, or repair any equipment or supplies used or to be used primarily for religious instruction, or restore or rebuild any facility or furnish any equipment or supplies which are used or to be used primarily in connection with any part of the program of a school or department of divinity.

“(1) to the extent such loss or damage or injury is not compensated for by insurance or otherwise, (A) shall cancel the principal of the loan, except that the total amount so canceled shall not exceed the greater of (i) 50 per centum of the original principal amount of such loan but not more than \$5,000, or (ii) the per centum that would be canceled of a loan of the same size by the Small Business Administration under section 7(b) of the

### AN ACT

To amend the Federal Food, Drug, and Cosmetic Act to provide for a current listing of each drug manufactured, prepared, propagated, compounded, or processed by a registrant under that Act, and for other purposes.

August 16, 1972  
[H. R. 9936]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

SECTION 1. This Act may be cited as the “Drug Listing Act of 1972”.

SEC. 2. The Federal Government which is responsible for regulating

drugs has no ready means of determining what drugs are actually being manufactured or packed by establishments registered under the Federal Food, Drug, and Cosmetic Act except by periodic inspection of such registered establishments. Knowledge of which particular drugs are being manufactured or packed by each registered establishment would substantially assist in the enforcement of Federal laws requiring that such drugs be pure, safe, effective, and properly labeled. Information on the discontinuance of a particular drug could serve to alleviate the burden of reviewing and implementing enforcement actions against drugs which, although commercially discontinued, remain active for regulatory purposes. Information on the type and number of different drugs being manufactured or packed by drug establishments could permit more effective and timely regulation by the agencies of the Federal Government responsible for regulating drugs, including identification of which drugs in interstate commerce are subject to section 505 or 507, or to other provisions of the Federal Food, Drug, and Cosmetic Act.
